## MIGRATION HAS POLITICAL ASPECT

**Farmers of Hebrides Coming  
to Take Up Land Near Red  
Deer, Alberta**

London, April 19.—(Canadian Press Cable)—The political aspect of the remarkable outflow of emigrants from the Hebrides Islands in the last week to Canada is beginning to arouse the keenest interest, especially in Scotland. It is being recalled that Lloyd George, when Chancellor of the Exchequer, appointed a Scottish land commission which, along with a housing commission that reported about the same time, urged the migration of a large number of the inhabitants of the Hebrides as the only solution of their economic troubles. The sentiment of the islanders, however, was against this proposal, which they regarded as amounting virtually to deportation, and they decided to accede to it. Lord Leverhulme then came along with proposals for industrializing portions of the islands, but these also failed to secure the wholehearted approval of the people.

Some of the inhabitants of the islands are frankly skeptical as to any home remedy for their economic ills.

Rev. Father Donald Macintyre, of Barra, is the prime mover in the present emigration plan and with Rev. Father Macdonnell has selected the immigrants for Red Deer, Alberta.

London, April 19.—(Canadian Press Cable)—Among the Highlanders due to sail this week for Canada are some who have been compelled to forego the voyage for the time as they are occupying holdings under the Board of Agriculture, and their agreement with the board requires them to give a year's notice of intention to leave.

Not a single adult among the whole number of emigrants from the Hebrides has been found physically inferior and rejected.

## EMPLOYMENT IN CANADA IMPROVES

**Logging Operations Increase  
in British Columbia**

Ottawa, April 19.—(Canadian Press)—Employment conditions throughout Canada showed improvement during March, according to the Department of Labor. A resumption of demand for farm labor, especially in the prairie provinces, and improvement in the manufacturing group were noted.

Logging operations were suspended in many districts, awaiting spring drive, but in British Columbia the business showed gradual improvement.

At the beginning of March the percentage of unemployment among members of trade unions was 6.4, as compared with 7.5 at the beginning of February.

Industrial disputes in Canada during March numbered fifteen, involving 1,431 employees and a loss of 24,024 working days. The majority were in the textile industry, involving a time loss of 51,575 working days, distributed among 5,087 employees.

## LOCKOUT AFFECTS 120,000 WORKERS

**Tyne Shipyard Men Given Notice for April 30**

London, April 19.—A storm is brewing in the Tyne shipyards. The employers are posting notices of a lockout of the boilermakers, plumbers and joiners at the end of this month because of the men's refusal to accept the terms of a recent agreement which was signed by the Shipbuilding Federation on behalf of all unions in the shipbuilding industry. About 120,000 men are affected.

## UNDERTAKERS ARE URGED TO STRIKE

**Effort in France Does Not Affect Paris**

Paris, April 19.—The French Undertakers' Union has called a general strike throughout the country to support the wage demands of its members in the Paris suburbs who for the past month have sought an increase of five francs a day. The city of Paris is not affected by the strike order as undertakers here is a municipal monopoly.

## COURT CHANGES IN NOVA SCOTIA ARE REQUESTED

Halifax, April 19.—A resolution which later carried without division was moved in the Legislative Assembly yesterday by Hon. J. W. O'Hearne, Attorney-General, favoring abolishing county courts, reducing the number of Supreme Court judges from seven to five and setting them up as a court of criminal and civil appeal, functioning only as such and constituting the person or persons of the present county courts as super-courts with exclusive jurisdiction in criminal or civil matters whether tried by jury or otherwise.

## TRANSPORTATION IN MANITOBA HAMPERED BY SPRING FLOODS

Winnipeg, April 19.—Transportation facilities in Manitoba now face a serious tieup as water from the rapidly-melting snow has swollen ditches, creeks and rivers in all parts of the province, bridges, culverts and road beds have been swept away by the fast moving water and trains in some districts are delayed or at a standstill to-day on both the Canadian Pacific and Canadian National lines. Eastern Saskatchewan is also affected, according to an official statement issued by the Canadian Pacific Railway here.

Morris, Man., fifty miles south of this city, is cut off from outside communication. Bridges on the Canadian National and Canadian Pacific lines over the Morris River, just north of the town, went out this morning when ice, caught down by the loosened torrents of water, jammed against the wooden superstructures and sent them swirling downstream with the flood waters.

Trains both east and west of Carleton Place, have been cancelled, and roads in the district are practically impassable, but may be traveled on horseback.

**Traffic Suspended.**  
On the Canadian Pacific line from Virden to Neudorf, Sask., the track is under water in a number of places and traffic suspended. On the Neudorf sub-division, a bridge near Neudorf, Sask., was carried out. Settlers report the water is higher in that vicinity than it had been during the last twenty years.

Both railways are co-operating in detouring their trains wherever possible.

**At Danger Point.**  
Reports from Brandon state the Assiniboine River is reaching the danger point, the depth now being 15 1/2 feet, and is rising rapidly. Lowlands in the city have been inundated, with some families living on the flats in danger. The Red River is on the rise in this city, having gone up five and one-half feet during the last twenty-four hours. Brooklands municipality, near this city, was in danger of complete inundation, but gangs of men worked all night and now have the situation well in hand. More than 200 houses were flooded, and the channel was cleared for the water. Many residents had to use make-shift boats to find their way out to a passable highway.

**Plane Flew Over  
THIRTY-SIX HOURS**  
Great Endurance Performance  
in Ohio Described  
Forethought of Mechanic  
Made It Possible

Dayton, Ohio, April 19.—(Associated Press)—Forethought of Clyde R. Gage, United States army air service mechanic who groomed the monoplane T-2 for its record-breaking endurance flight of 36 hours, 5 minutes and 29 seconds, in placing an extra gasoline gauge in the nose plane made possible the replacing of a broken one and eliminated possibility of fuel shortage. Lieut. J. A. MacReady and Lieut. Oakley Kelly being down on earth at that account.

In giving The Associated Press a detailed account of the flight, Lieut. Kelly said:

"Once, when changing seats, I broke a large gasoline gauge and the fuel came streaming into the cabin. Dayton is a large city and the forethought of Clyde R. Gage, our mechanic, who might have had serious difficulty, however, had provided an extra gauge and Mac fixed this while I piloted the plane."

**DR. C. MURPHY WAS  
FREED IN DUBLIN**

Dublin, April 19.—Dr. Conn Murphy, who has been on a hunger strike in Mount Joy Prison nearly four weeks, has been released. It was announced to-day, Dr. Murphy, who some time ago visited Rome to lay the remains of his mother, Pope Pius, was arrested March 22 and immediately began a hunger strike.

## TWO PHYSICIANS DIED IN ONTARIO

Brookville, Ont., April 19.—Dr. Edward MacLaughlin, one of the best known medical men in Dundas County, died yesterday at Morrisburg, where he had practised since 1890.

## CHANGES TO AID EX-SERVICE MEN ARE ANTICIPATED

Ottawa, April 19.—The royal commission has revealed the deplorable condition of affairs which exist among a large number of ex-service men and their dependants. Now that practically all the facts with regard to the conditions of these men have been brought to light, it is no doubt the Government and the people of Canada will see that right and justice are done to the legitimate war sufferers.

Under the charge that he "did unlawfully post up an invitation or inducement to guess or foretell the result of a contest, contrary to the provisions of the Criminal Code," Levy was charged with this offence.

The accused is charged that he "did unlawfully post up an invitation or inducement to guess or foretell the result of a contest, contrary to the provisions of the Criminal Code," Levy was charged with this offence.

When the charge was read, C. L. Harrison, for the Crown, reminded the court that the same charge had been laid in the local court about a year ago, when a newspaper, charged with similar publication of an invitation to foretell the result of a contest, was referred to by the Crown counsel as a precedent.

Magistrate J. J. Macdonald, in an address to the jury, said that the case was being watched with great interest, by reason of the fact that the football contests staged by Vancouver organizations are generally participated in here. It has been estimated by some active participants in the contests that the sum of \$5,000 leaves this city every week, in the neighbourhood of a quarter of a million yearly. The football contests have been in operation now for about three years.

**Churches Closed**  
But Catholics Attend Mass in Priests' Apartments

Petrograd, April 19.—Petrograd's Catholic Churches are still closed, but hundreds of parishioners daily crowd the small apartments of the priests to pray and to hear mass, much as did the first Christians in the catacombs of old Rome.

From the size of the crowd that passed through the courtyard of St. Catharines Sunday, one might have thought the church was open. Father Casimir, who has been left in charge of the parish affairs, said that he and one other priest were busy from day-break until noon saying one mass after another. He estimated that there were only 15,000 Roman Catholics in Petrograd.

## PLANE FLEW OVER THIRTY-SIX HOURS

**Great Endurance Performance  
in Ohio Described  
Forethought of Mechanic  
Made It Possible**

Dayton, Ohio, April 19.—(Associated Press)—Forethought of Clyde R. ## TWO PHYSICIANS DIED IN ONTARIO

Brookville, Ont., April 19.—Dr. Edward MacLaughlin, one of the best known medical men in Dundas County, died yesterday at Morrisburg, where he had practised since 1890.

## COURT SEQUEL TO FOOTBALL CONTESTS

William Levy Charged With Posting Invitation to Guess Results  
Case Held Over for Decisions Elsewhere

City police have taken action in connection with the football contests hitherto participated in by thousands in this city. Last evening a round-up of cigar stores and other premises to gather up football coupons aroused the keenest interest. As a sequel William Levy, proprietor of the Globe News Stand, Yates Street, was arraigned in the City Police Court this morning.

The accused is charged that he "did unlawfully post up an invitation or inducement to guess or foretell the result of a contest, contrary to the provisions of the Criminal Code," Levy was charged with this offence.

When the charge was read, C. L. Harrison, for the Crown, reminded the court that the same charge had been laid in the local court about a year ago, when a newspaper, charged with similar publication of an invitation to foretell the result of a contest, was referred to by the Crown counsel as a precedent.

Magistrate J. J. Macdonald, in an address to the jury, said that the case was being watched with great interest, by reason of the fact that the football contests staged by Vancouver organizations are generally participated in here. It has been estimated by some active participants in the contests that the sum of \$5,000 leaves this city every week, in the neighbourhood of a quarter of a million yearly. The football contests have been in operation now for about three years.

## CHURCHES CLOSED

**But Catholics Attend Mass in Priests' Apartments**  
Twelve Priests in City Not Recently Molested

Petrograd, April 19.—Petrograd's Catholic Churches are still closed, but hundreds of parishioners daily crowd the small apartments of the priests to pray and to hear mass, much as did the first Christians in the catacombs of old Rome.

From the size of the crowd that passed through the courtyard of St. Catharines Sunday, one might have thought the church was open. Father Casimir, who has been left in charge of the parish affairs, said that he and one other priest were busy from day-break until noon saying one mass after another. He estimated that there were only 15,000 Roman Catholics in Petrograd.

## NOVA SCOTIA MINES FLOODING; STEPS TO SAVE THEM TAKEN

Sydney, April 19.—Word that the Minidul Mines, Cumberland County, abandoned by both men and operators, are flooding and may soon become a total loss has been received at the United Mine Workers' headquarters. Alex Stewart, international board member for District 26, has left for the mainland to see what arrangements can be made to save the property from ruin.

## SOUTH AFRICA WANTS B.C. GOODS

**Canadian Trade Commissioner at Cape Town Here  
Need for Direct Shipping Connection With This Coast**

Interest in the possibilities of export from Canada is growing rapidly among producers and manufacturers in this country, according to W. J. Egan, who is Canadian Trade Commissioner to South Africa, and who is here to-day to discuss with business men the opportunities of trade with that country. Mr. Egan was taken in charge, on his arrival here this morning, by Capt. T. J. Goodlake, and spent a busy day talking over matters with men who are interested in various branches of commerce.

Mr. Egan has been located in South Africa for several years. Like the other trade commissioners, he makes periodic visits to Canada to study conditions and keep in touch generally. He reports that he finds much more eagerness for knowledge of South African trade conditions than was the case when he was last here, in 1919.

As a sign of what is coming over Canada, said Mr. Egan this morning, "it is significant that three universities in the East—Toronto, McGill and L'Universite Montreal, have founded courses and are having lecturers given by manufacturers of experience in export business, and also by officers of the commercial intelligence bureau of the department of trade and commerce."

**Growth of Manufactured Goods.**  
The vast growth of Canada's export of manufactured goods is not fully realized. A few years ago, only six per cent. of our exports were manufactured goods, with a total export ten times greater than formerly, the percentage of manufactured goods was forty-two, together with six per cent. of semi-manufactured."

With reference to South Africa, Mr. Egan said that it was taking great interest in Canada, and the commercial men and importers of South Africa are only too keen to purchase their North American requirements from Canada. If the manufacturers will show samples with of course, competitive prices.

**Shipping Facilities.**  
A great handicap in the building up of trade between British Columbia and South Africa is that there is no regular shipping from this coast to South Africa, but Mr. Egan is hopeful that this difficulty will be overcome in the near future.

The present session of the Parliament of South Africa, says Mr. Egan, devoting itself to the tariff, and other matters of importance, will make changes. The tariff now is an average of 37 1/2 per cent, with a three per cent. preference for Great Britain and other parts of the Empire which reciprocate, which includes Canada. Three per cent. may not sound like very much, but it makes quite a difference on a cargo of lumber or wool pulp.

(Continued on page 2)

## FIRES CAUSE DEATHS

**Many Occupants of Massachussetts Apartment House Injured  
Many Narrow Escapes When Roof Fell In**

Lynn, Mass., April 19.—Fifteen persons were killed to fire which destroyed the Essex Castle, a five-story brick apartment house on Ellis Street in the centre of this city, early to-day. Many occupants were hurt.

The dead: Frank Tozier, George Philip, Mrs. Antoinette Hanlon, Miss Margaret Nutter and Harry Fairchild.

Miss Alma Gilman was reported missing.

The blaze started on one of the lower floors and almost immediately the interior of the building burst into flames. The fire raged on for the forty-nine suites were quickly aroused. A few made their way down the stairways before they were cut off by fire and smoke. Many jumped from windows and others were taken down ladders by firemen.

There were many narrow escapes when the roof fell in.

**JOINT SESSION OF  
NOVA SCOTIA HOUSES**  
"Old Home Summer" is Plan  
Put Forward  
First Joint Meeting of Two Houses on Record

Halifax, April 19.—Premier E. H. Armstrong announced in the House of Assembly last night that a joint session of the Legislative Council and the House of Assembly had been arranged with the consent of the President of the Council, and the Speaker of the House, for the purpose of having placed before the two Houses the proposals for a Nova Scotia "Old Home Summer."

## BRAZILIAN TROOPS ARE ROUNDING UP REBEL FORCES

Buenos Aires, April 19.—A Rivera dispatch to La Nación says the state forces in Rio Grande do Sul have taken the city of Alegrete, which was abandoned by the revolutionaries after a short fight.

The correspondent adds that the Government forces are concentrating in the Quary district, where the rebels have collected 1,500 men.

## TO STOP TRADING IN SUGAR FUTURES—U.S. GOVERNMENT'S PURPOSE

Washington, April 19.—Injunction proceedings to shut off trading in sugar futures were instituted in New York to-day by the Federal Government.

The Government's bill, prepared under the personal direction of Attorney-General Daugherty after consultation with President Harding, asks the Court permanently to prevent the New York Coffee and Sugar Exchange from entering into or permitting any transaction in sugar "unless the person purporting to make such sale has in his possession or under his control a supply of sugar adequate to meet the requirements of such transaction."

The action is requested, the Government says, as a result of an "orgy of speculation" which has driven up the price of sugar to the consumer and which during February enriched the pocketbooks of brokers by \$900,000.

**Conspiracy Charged.**  
A "conspiracy in restraint of trade and commerce" is charged and of the exchange and of the New York Coffee and Sugar Clearing House Association, against which injunction would be directed jointly with the exchange, are asked to appear in court and answer the Government's allegations.

The Court was advised in the Bill that the House Association serve no legitimate or useful purpose in marketing in inter-state and foreign commerce of raw and refined sugar, exist only as a means of contracting and speculating. As a result, it was added, price levels are established which are "wholly speculative and artificial."

**Most Sweeping.**  
The proceedings are the most sweeping ever instituted by the Federal Government in its effort to curb speculation in the market of life. The injunction petition was decided on after the whole subject, including evidence gathered in New York and elsewhere by Department of Justice agents, had been discussed in general by President Harding and his Cabinet and after Attorney-General Daugherty, who is in Asheville, N. C., had revised and approved the Bill of complaint.

**Excited Trading.**  
New York, April 19.—A check-up on the hectic trading in futures which took place on the Sugar Exchange here to-day following news of the filing of the Federal injunction suit showed the tumble in futures ranged from 50 to 88 points. The drop was followed by a rally of 21 to 37 points, bringing prices within 19 to 20 points of the day's high.

**Advance on Coast.**  
Vancouver, April 19.—The wholesale price of sugar has been advanced 25 cents to \$19.35 cents per hundred pounds.

## BLOCKADE IN ONTARIO HOUSE

**Conservatives Bitterly Fighting Redistribution Bill  
Farmer Government Headed by Drury Pressing Measure**

Toronto, April 19.—When the Ontario Legislature adjourned this morning at 3 o'clock there was no sign of the lifting of the blockade started last Monday by the Conservative Opposition against the passage of the Drury Government's redistribution bill for the general election promised for late in June.

On the other hand, it was again forcibly declared by W. F. Nisley, Conservative member for Kingston, and others on the same side of the House, that the Government's proposals, not only as to redistribution, but also on proportional representation, would be fought to the bitter end by all constitutional means in the power of the Opposition.

**Members Weary.**  
After the three all-night sessions the members on all sides are beginning to show weariness.

The adjournment this morning was moved by Colonel J. A. Currie, Conservative member for York, who had occupied the floor since midnight with his second speech against the measure. There was an enlivening incident when Colonel Currie asserted that E. J. Evans, United Farmer member for South Simcoe, had been elected because people of that riding had believed him a Conservative. In denying this, Mr. Evans mentioned the word "liar," but retracted when the Speaker sustained the colonel's demand for a withdrawal.

**QUADRUPLETS DIED.**  
Saskatoon, April 19.—The wife of D. W. Fehr, a farmer of Hague, Sask., yesterday gave birth to quadruplets, all girls. The four infants lived only a few hours.

## MISSION CONTROLS RUHR MINES NOW

**Franco-Belgian Body Is Given Wider Powers**  
Church Alliance Urges a Reparations Settlement

Coblentz, April 19.—An order issued by the Inter-Allied High Commission extends the scope of the Franco-Belgian mission, which hitherto had been confined to the left bank of the Rhine and bridgeheads, to all mines and factories throughout the occupied territory.

Geneva, April 19.—A resolution asking the League of Nations to take the initiative in bringing about a settlement of the reparations question on a sound economic basis was officially presented to Sir Eric Drummond, Secretary-general of the League of Nations, yesterday by the World Alliance for Promoting International Friendship through the Churches.

The resolution advocates the constitution of a body to watch all the parties could submit their cases, organization of financial measures for carrying the decision into effect, and a system of mutual protection in the interests of peace.

**Leipzig Trials.**  
Berlin, April 19.—(Associated Press)—Dispatches from Munich indicate that the Leipzig supreme court order for the appearance before it of Adolph Hitler, the Bavarian Fascist leader, and two Bavarian Nationalist newspaper editors, accused of anti-Republican agitation, has created perturbation in both Bavarian Government and Nationalist circles.

## PEACE MOVEMENT IN IRELAND IS GIVEN SUPPORT

Dublin, April 19.—Mr. Lusk, envoy of the Holy See, is willing to act as peace-maker in the present conflict between the Free State and the Republic, if invited to do so. It was stated on good authority to-day that it is also understood that there is a move on foot to petition the Free State Government to act with clemency, as a policy of benefit to both parties.

## WEDDING SERVICE ORDER ANNOUNCED

**Royal Coach to Convey Future  
Duchess of York to Abbey**  
Throng Will See Duke and His Bride

London, April 19.—It is necessary to go back more than 650 years in the records of Westminster Abbey to find a parallel to the ceremony which will take place there a week from to-day when the Duke of York is married to Lady Elizabeth Bowes-Lyon.

This rare occasion on which the son of a reigning king marries a commoner in the Abbey was in 1259, when Edmund, surnamed Crouchback, was wedded to Avelina of Lancaster, daughter of the Earl of Albemarle.

**Royal Coach.**  
An interesting feature arising out of the fact that the Duke of York's bride is a commoner is the royal palace will be the dispatching by the King of the royal coach to the home of Lady Elizabeth. In this vehicle the bride, suitably escorted and attended in a Florentine gown of ivory chiffon moire, will drive to the Abbey, accompanied by her father, the Earl of Strathmore.

When the coach arrives the bridal procession will enter the Abbey preceded by the choir, which will sing "Lead Us, Heavenly Father, Lead Us."

As the bride and groom take their places in front of the altar the Dean of Windsor will read the exhortation, after which the Archbishop of Canterbury will perform the actual marriage service uniting "Albert Frederick Arthur George and Elizabeth Angela Marguerite."

**Address by Archbishop.**  
Immediately after this part of the ceremony the choir will sing "God Be Merciful Unto Us and Bless Us." The Archbishop will deliver the address, which will be followed by the hymn, "Praise My Soul, the King of Heaven." Next will be the singing of the first verse of the National Anthem, and immediately after it the hymn, "Lead Us, Heavenly Father, Lead Us."

London, April 19.—Reserved seats from which to watch the Duke of York and his bride as they go to Buckingham Palace from the altar of Westminster Abbey next Thursday are expensive. Stands to accommodate 1,500 spectators have been put up across the street from the Abbey, and each seat rents for five guineas. A guinea these days is the equivalent of about 25s.

Occupants of buildings along the route the bridal pair will travel are leasing window space for the wedding day.

**BOY KILLED.**  
Toronto, April 19.—William Watson, six years old, was fatally injured yesterday when he tripped and fell in the path of an approaching automobile.

FORT STREET

**WALL STREET BOMB INQUIRY**

Los Angeles, April 19.—The statement of Herbert Wilson, formerly of London, Ont., former evangelist, alleged mail robber and convicted murderer, that he provided the explosive for the bomb exploded in Wall Street, New York, September 17, 1929, is logical and may be true, William J. Burns, Chief of the Bureau of Investigation of the Department of Justice, declared here following a conference with Wilson.

Wilson tells a straightforward and logical story, Burns stated. "While it is true that the Department of Justice has closed the investigation of the Wall Street bombing, having learned that the parties responsible for it are now in Russia, Wilson's story could well fit in with the facts as we already know them. We will start immediately checking up the details as he gave them to us. If our investigation proves Wilson's statements to be true—and I know of no reason now why it should not—we shall know the source of the explosion that went into the bomb."

Burns, who came here from Florida to interview Wilson, declined to make known any of the information Wilson gave him. Before going into the conference, which lasted more than an hour, Burns expressed the opinion that Wilson was talking for his own benefit. Following the interview, Burns said he had changed his opinion, and believed Wilson was sincere in telling his story and not making the statements to gain favors.

Made the Bomb.

Wilson made statements to Sheriff William I. Traeger about two weeks ago that he had furnished the explosive and manufactured the bomb which was used in the Wall Street bombing. The bomb, he declared, was made at his home here in August, 1929, and was sold for the purpose, he thought, of being used by safe blowers in covering up their work. He said he later learned that the bomb had been used for the Wall Street bombing.

Wilson and his partner, Herbert Cox, were first arrested here for robbing a mail truck of approximately \$1,000,000 in securities. While awaiting trial they attempted a jail break and Cox was shot and killed while he and Wilson were alone. Wilson was then convicted of murder and sentenced to life imprisonment. He made a successful escape from the county jail on October 16, 1922, but was recaptured after two days of freedom. Wilson's conviction was recently affirmed by the Appellate Court.

Burns said he expected to remain in Los Angeles for several days, during which time all local angles of Wilson's statements would be carefully checked.

**DEMOR IS AGAIN VICTOR IN AMERICAN ROAD MARATHON**

Boston, April 19.—The American marathon road race was won to-day by Clarence H. Demar, of Melrose, the first three-time victor in the twenty-seven years' history of the event. His time, like that of last year, was in a driving finish in which he overtook Albert F. Michelson, of Stamford, Conn., about three miles from the end.

Demar's official time was 2:23.47 3-5.

Frank E. Sana, Melrose A. A., New York, finished second, Wallace Carlson, Chicago, finished third. Sana's official time was 2:25.32. Carlson's was 2:27.10 4-5.

Edouard Febre, of Montreal, winner in 1915, was seventh. Time, 2:41.9 1-5.

**DR. HARTMAN BURIED**

Funeral Services Yesterday Over Well-Known Victoria Dentist

Services over the remains of the late Dr. S. M. Hartman were conducted at his late residence yesterday afternoon by Dr. Koehn. There was a large number of friends, and many floral tributes covered the casket and hearse. The following acted as pallbearers: M. Leiser, H. Leiser, H. Greenfield, J. Waxstock, H. I. Mallek and E. E. Nathan. The remains were interred in the Jewish cemetery.

**CHARLES HARVEY DYING IN CHICAGO**

Chicago, April 19.—Charles Harvey, of New York, pioneer manager of boxers, was reported to be dying in hospital here, and was very near death of an automobile accident in which three others were injured. He suffered a triangular fracture of the skull over the left eye, and has not regained consciousness.

Harvey has been identified with boxing for forty years, and made a business of importing English champions to box in American rings. He brought Owen Moran, Ted (Kid) Lewis, Johnny Summers, Jim Driscoll, Billy Wells, the present British welterweight champion, and others to this country.

Harvey was riding in a car driven by Howard Carr, owner of a gymnasium for professional boxers, when the accident occurred. The police charge Carr with violating a boulevard traffic signal, and failed to stop, and a car coming in the opposite direction crashed into the machine. The car was wrecked and overturned, being pinned under the wreckage.

The veteran manager was secretary of the New York Athletic Commission under the Frawley law and is about sixty years old.

**MARK FALLS TO NEW LOW LEVEL**

(Continued from page 17)

drop of the mark. It was decided that the Reichsbank should continue to support the mark, that imports should be limited, and that a compulsory registration of those possessing foreign currencies.

Change in Tactics.

Berlin, April 19.—Berlin financial writers are virtually unanimous in attributing the mark's latest crash to a change in tactics by the Reichsbank, which they say is commonly known to have intended to withdraw its intervention only temporarily. It plans to give the speculators a complete right of way for a time, and then, suddenly, at some day, it will swoop down and exchange dealings and again restore the market to sobriety.

**FORKE DESCRIBES PRAIRIE CONDITIONS**

Progressive Leader Addresses Church Club in Ottawa

Ottawa, April 19.—"Conditions on the prairies are not so bad as they are painted; neither are the stories for wonderful fortunes and White Homes in Florida, Palm Beach and California wholly to be relied upon. If you take the stories of the unendurable hardships, failure of crops, poverty in every direction and make a mixture you will get an approximation of the real condition in the prairie provinces."

Forke, Progressive leader, summarized conditions on the prairies before a Presbyterian church club here last night.

**SOUTH AFRICA WANTS B. C. GOODS**

(Continued from page 1)

"South Africa is going ahead rapidly in many industries, and which are not naturally suited to her. She is bound to continue to be a large importing country. Great progress is being made in agriculture and mining. There is much development also in furniture manufacturing, flour milling and engineering. South Africa needs a large number of very large engineering plants, and are now manufacturing much of the equipment that formerly was imported."

"Fruit growing, especially of citrus varieties," said Mr. Egan, "is becoming an industry of large proportions. He would not be surprised if at no distant day the Government of South Africa would see its way to open a direct steamship service with this continent, largely for the purpose of the distribution of this fruit."

**ROTARIANS PLAN T.B. CLINIC AT CITY HOSPITAL**

(Continued from page 1)

state, but not to treat those who are in the first stages of the disease," he said. "We should change this and get at the root of the trouble."

Mr. McGregor pointed out that a tubercular clinic established by the Vancouver Rotary Club had proved a marked success.

"The Hospital Board is prepared to go the limit in assisting us in this project," Mr. McGregor told the Rotarians. He and Mr. Chadwick intimated that the provincial health authorities desired to have better tubercular treatment facilities established here, and would support the Rotary Club's efforts.

**ASSESSORS MET IN VERNON, B. C.**

Vernon, B.C., April 19.—The first conference of provincial assessors ever held in the Province took place in Vernon on Tuesday and Wednesday, when the directors in connection with provincial assessments were discussed and plans for closer cooperation made.

E. E. Leeson, Provincial Surveyor of Taxes, Victoria, presided at the sessions.

Among those who attended were T. H. Leeson, Victoria; W. R. Brown, New Westminster; W. R. Adams, Ashcroft; John Dunlop, Lillooet; L. Sadler Brown, Kamloops; E. McQueen, Kelowna; S. E. L. Penicton; E. Ferguson, Nelson; E. F. Wilmut, M. S. Morrell and Dr. K. C. Macdonald, M.L.A., Vernon.

At the closing session last evening the assessors presented Mr. Leeson with an address of appreciation for the manner in which he had conducted the conference and also for the co-operation extended to the assessors throughout the Province.

**AFTER EATING DISTRESS**

And all forms of stomach trouble such as gas pains, acid, sour, burning stomach are all relieved in two minutes by taking Jo-To. Jo-To sold by all druggists. (Advt.)

**LOTTERY LOANS URGED IN BRITAIN**

Plan Suggested by Income Taxpayers' Society

Stanley Baldwin Asked to Give Scheme Consideration

London, April 19.—(Canadian Press Cable)—Profiting by the decision of the Government to appoint a committee to inquire into the question of the suggested taxation on betting, the Income Taxpayers' Society has submitted to the Chancellor of the Exchequer, Stanley Baldwin, a scheme of premium bonds which has been drawn up by Lord Davies.

This scheme aims at raising £100,000,000 annually by means of bonds bearing interest at from 1 1/2 to 2 1/2 per cent. The balance on these bonds and the present interest of five per cent. on other bonds would be devoted to amortization of the necessary price of the scheme, while the proceeds from the new bonds would be used to replace securities bearing higher rates of interest.

The above cable appears to indicate that it is proposed to the Government to issue a series of attractive lottery bonds such as is common in France but has not been resorted to by a British Chancellor of the Exchequer for a great many years.

**CHARLES HARVEY DYING IN CHICAGO**

Chicago, April 19.—Charles Harvey, of New York, pioneer manager of boxers, was reported to be dying in hospital here, and was very near death of an automobile accident in which three others were injured. He suffered a triangular fracture of the skull over the left eye, and has not regained consciousness.

Harvey has been identified with boxing for forty years, and made a business of importing English champions to box in American rings. He brought Owen Moran, Ted (Kid) Lewis, Johnny Summers, Jim Driscoll, Billy Wells, the present British welterweight champion, and others to this country.

Harvey was riding in a car driven by Howard Carr, owner of a gymnasium for professional boxers, when the accident occurred. The police charge Carr with violating a boulevard traffic signal, and failed to stop, and a car coming in the opposite direction crashed into the machine. The car was wrecked and overturned, being pinned under the wreckage.

The veteran manager was secretary of the New York Athletic Commission under the Frawley law and is about sixty years old.

**LIQUOR VOTE IN MANITOBA DEBATED**

Winnipeg, April 19.—Opposing the form of the ballot prepared for the referendum on the Moderation League bill, J. Kensington Bowyer, Independent Winnipeg, declared in the Legislature yesterday afternoon that he believed it had been inspired by the sinister hand of the Social Service Commission.

The remark brought Attorney-General Craig to his feet at once. He assured Mr. Bowyer that the form of the ballot was inspired by anybody and that no sinister hand had taken part in the preparation of the measure.

Mr. Bowyer moved an amendment that the "yes" of the ballot should be placed first, and commenting on this, Mr. Craig stated that anybody who did not know the difference between "yes" and "no" on a ballot should not be allowed to vote at all.

The amendment was withdrawn after the Attorney-General had explained that such suggestions could best be discussed in committee.

The bill providing for a tax on gasoline was given third reading.

**INVESTIGATION IN NOVA SCOTIA URGED**

Halifax, April 19.—A resolution aiming toward a determined investigation into the conditions which contribute to labor unrest in the industrial centres of Nova Scotia was moved in the Legislature yesterday by H. W. Cornish, Conservative, Yarmouth, who attacked the Government, alleging an alliance with the British Empire Service Corporation and other misdeeds tending to prolong the unsettled state of affairs of the present day.

Debate on the resolution was adjourned by the Premier.

**B.C. HEADQUARTERS OF TRADE MISSION**

(Continued from page 1)

"In order successfully to maintain exports from British Columbia to Great Britain," says Mr. Beale, "return cargoes must be looked after, and there's the rub of the whole thing. You must fill the boats both ways."

Situation At Present.

As an instance of what is being done, even under present conditions, in the way of shipping goods from the United Kingdom, Mr. Beale remarked that a ship recently brought nine hundred tons of brick for Calgary via the Panama Canal and Vancouver. The same ship also brought two thousand tons of tin plate from Great Britain for British Columbia industries. Among the recent achievements of Great Britain in Western Canada in the engineering field, he pointed out that her manufacturers have secured a \$200,000 contract from the Manitoba Government for the installation of an automatic telephone system in Winnipeg. British contractors are also installing at Winnipeg the turbo-generators for the supply of electric energy. These contracts were secured in competition with United States bidders, and the ability of British manufacturers to produce the kind of equipment wanted on this continent, and at competitive prices.

"In staple engineering lines," says Mr. Beale, "British manufacturers will undoubtedly carry distributing stocks at strategic points in Western Canada, to enable them to make immediate deliveries."

**NOT IN BOTH HOUSES.**

London, April 19.—The House of Commons last night by a vote of 244 to 100 refused to consider a bill introduced by Captain John H. Thorpe, Conservative, proposing to follow the custom of France, Spain and other countries and permit Ministers, whether belonging to the Commons or House of Lords, to speak in either House.

**NANAIMO NEWS**

Special to The Times.

Nanaimo.—The following are the results of the first pigeon race from Victoria on Sunday last. The air line distance from Nanaimo being fifty-eight miles. Fanciers from Ladysmith, Nanaimo and Northfield sent birds to the race. The first bird made the race in 1 hour and 20 minutes, which is good flying time. The various times in yards per minute were: T. Naylor, Nanaimo, 1.27; T. McLeod, Ladysmith, 1.31; W. Thompson, Nanaimo, 1.33; T. Russell, Northfield, 1.43; J. Schoonard, Ladysmith, 1.95; A. Parents, Ladysmith, 1.94; L. Murray, Nanaimo, 1.94; F. Wilkinson, Chase River, 1.94; W. Baird, Nanaimo, 1.94.

Members of the local Order of Moose, No. 1952, and women of Moose Head Legion, No. 197, held a service in the Odd Fellows' Hall, Sunday afternoon, in memory of the late Bro. J. P. Dakers, Legionaire. G. Dakers and Legionaire M. Parkinson. Some thirty-five members of the local lodge No. 4, Knights of Pythias, paid a fraternal visit to Duncan Saturday night last when twelve candidates were initiated into the mysteries of the third degree.

**ENGLISH FOOTBALL**

London, April 19.—In a game in the Southern Section of the Third Division of the English Football League, the score was Plymouth 2 and Gillingham 0.

**CLAIMS AGAINST GERMANY NUMEROUS**

Commission to Hold Hearings in Ottawa Soon

St. John, N. B., April 19.—Hon. William Pugsley, a member of the commission to inquire into Canada's war indemnity claims against Germany, returned yesterday afternoon from Ottawa, where he was on business connected with the commission. Mr. Pugsley said the claims were very numerous and varied and some of the amounts involved were extremely large. No claims had been settled so far, but a date would be set in the near future at which hearings would begin.

**DANCING RECORD STILL GOING UP**

Over Eighty-eight Hours Now; Scientific Methods in Washington

Cleveland, Ohio, April 19.—A new world's record for continuous dancing, eighty-eight hours and eighteen minutes was set here this morning by Arthur Howard Klein, when he quit dancing at 6:18 a. m. at a Cleveland Heights dancing academy. Klein, wearing a mask, started dancing at 2 p. m. Sunday.

Dancing at another hall, Miss Mildred Duvall, twenty, a stenographer, was still going strong at 7:45 a. m. at which time she had passed the record of seventy-seven hours and forty-five minutes set by Miss Rose Smith at the same hall. Miss Smith quit at 7:05 a. m. because her feet hurt her. Miss Smith, before quitting, had broken the record of seventy-five hours and ten minutes set by Miss Margaret Gerrick here last night.

**GOVERNMENT SALE OF LAND CRITICIZED**

Ottawa, April 19.—(Canadian Press)—Senator J. S. McEwen, in the Senate yesterday, criticized a real estate transaction between the Government, the Canadian National Railways and the Imperial Oil Company at Edmonton.

The Canadian National executive had recommended that the Government dispose of a portion of waterfront to the Imperial Oil Company to build oil tanks for the purpose of unloading its tank steamers, he said. The Government had sold this property for \$5,000.

Senator McEwen claimed that the price paid was ridiculous; that the property was and would be required for the railways; that the head of the Canadian National Railways at that time, D. B. Hanna, instead of acting for the railway system, was anxious to please only the Imperial Oil Company, and that the Department of Railways and Canals had betrayed the city of Sydney.

He contended that a lease, revocable if the property was required by the Government, would have been the proper measure.

**SOVIET CONTINUES FOREIGN TRADE MONOPOLY PLAN**

Moscow, April 19.—During yesterday's sitting of the Communist Congress, Leon Kamenoff, president of the Moscow Soviet, and M. Zinoviev, chairman of the executive committee of the Third Internationale, declared it was the intention to maintain foreign trade as a state monopoly and not to retreat further from the policy of the new economic policy and to orientate the Government's foreign programme with the awakening of the Eastern peoples.

Zinoviev declared the policy of Leonid Krassin, Commissar of Foreign Trade and Commerce, to increase Russia's grain exports was a proper one.

## FAITH HEALING IN AUSTRALIA

Blind Say They Can See and  
Lame Walk; Crowded  
Churches in Melbourne

Sydney Sun's Views on Can-  
ada's Position in Empire

Special to The Times.  
Melbourne, Australia, April 18.—  
Faith healing by an Englishman  
named Hickson, who is reported to  
have made many wonderful cures in  
South Africa, has reached such a  
pitch in Melbourne that blind people  
say their sight has been restored and  
many lame persons coming into the  
churches where Mr. Hickson  
preaches have left their crutches be-  
hind them and walked out declaring  
they were healed.

The claims of the faith-healer have  
been hotly disputed, but in Hobart,  
Tasmania, so satisfied were the An-  
glican clergy that the cures were gen-  
uine that thanksgiving services were  
held in St. David's Cathedral attended  
by dozens of people who testified to  
the efficacy of the laying on of Mr.  
Hickson's hands.

A dramatic incident occurred at one  
place where a dumb man spoke  
clearly and witnesses testified that

they had always known him to be  
dumb. The medical profession is  
sceptical.

Senator Speaks of Canada.  
"If that is to be the attitude that  
Canada intends to take up, then Can-  
ada will receive no more considera-  
tion from me than the United  
States," said Senator Bakhap of Tas-  
mania in a statement reported to  
have been made by the  
Canadian Premier, Mr. King, to the  
effect that Canada would consider  
for herself whenever she would com-  
to the assistance of any part of the  
British Empire in case of emergency.

The friendship and possible assist-  
ance of 10,000,000 Americans in such  
circumstances," continued the Sen-  
ator, "would be worth a great deal  
more than the qualified alliance of  
10,000,000 Canadians. If Canada is  
going to reserve to herself the privi-  
lege of saying whether she will com-  
to our assistance supposing we should  
need it in the future, then I say that  
such a friendship is not worth any-  
more than that of the United States."

No other member of the House  
made a reference to Senator Bakhap's  
remarks.

A Mystery.  
Ill in a private hospital suffering  
from the effects of the war, Miss Al-  
ison Cole, a former secret service  
agent for the British Government  
and holder of a medal for her bravery,  
disappeared in the middle of the  
night, clad only in her nightgown.  
Early in the morning she was dis-  
covered at Williamsstown, twelve  
miles away, unconscious on the street  
and still wearing only her night-  
gown.

No trace of wheels could be seen  
on the roadway; no marks of walking  
showed on her feet, yet she had evi-  
dently lain on the spot for several  
hours. The mystery was heightened  
by the discovery that Miss Cole had  
put a pillow in her bed in the hospital  
so the nurse passing by would think  
she still occupied it. Also she said  
she was unconscious before she left  
the hospital and smelled chloroform.

The police are unable to solve the  
mystery.

Six Sailors Lost.  
Six sailors of the Danish barque  
Stern who put off in a small boat on  
a pitch-black night and in a raging  
storm to rescue a comrade who had  
fallen overboard when aloft shorten-  
ing sail vanished from human ken.  
Not a trace has been found of them  
since.

The barque was off the stormy  
Cape Leeuwin when the young sailor  
went overboard. The third officer  
and five seamen were ordered to put  
out to his rescue and obeyed without  
hesitation though the task appeared  
hopeless in the high sea and thick  
darkness.

Hardly had the boat left the bar-  
que's side when the light increased,  
with thunder and lightning, and the  
vessel was continually under the  
pounding of huge seas. She remained  
all night, however, burning flares, but  
when morning came not a trace of  
the gallant would-be rescuers could  
be found.

Two Stowaways Died.  
Of twenty Chinese who stowed  
away on the steamship Houtman at  
Singapore, two died when the vessel  
reached Brisbane, the voyage  
having occupied some weeks.

The men, it is believed, were smug-  
gled aboard by Chinese firemen, who  
hid them in a narrow space between  
the boilers, an inferno of heat and  
bad air. Around them, hiding them-  
selves, was piled coal and the total space  
they had was insufficient for half the  
number.

When they were found they were  
lined up on deck, eighteen in all, in  
the last stages of exhaustion. Then  
two others were dragged out of the  
hiding place dead. Had the coal on  
the roof over them given way the  
whole party would have been killed.

Schooner Lifted Across Reef.  
Caught amongst reefs of the Solom-  
on Islands by seas so powerful that  
the auxiliary engines were all but  
useless, the trading schooner Mascot  
was lifted by a mountainous wave  
clear across a coral reef and into a  
lagoon, where she anchored safely.  
The bottom scraped the reef in pass-  
ing over it.

The native crew, Malatol Island  
boys, much frightened, sang church  
hymns inside the reef the vessel  
picked up a valuable cargo.

Canada Discussed.  
Sydney, N. S. W., April 18.—The  
Sydney Sun, the most outspoken of  
Australian newspapers, joins in the  
press discussion which has followed  
Canada's signing of the Hallbut  
Treaty with the United States.

"It has long been apparent," says  
the paper, "that Canada's position in  
the Empire has shifted materially in  
recent years. Canada has been sub-  
jected to as real a pull as that which  
is exercised by Britain over Nature.  
Canada has been exposed all along  
the line of her vast frontier to a  
continued infiltration of American  
influences. American ideas and  
ideas and American citizens. Is it  
any wonder that there are indications  
of a rapprochement between Canada  
and the United States politically?"

Mr. Mackenzie King made a  
pronouncement recently that taken in  
conjunction with the fisheries treaty  
assumes a new significance. He an-  
nounced that in future Canada will  
engage in no war for any cause in  
which her safety was not involved.

The circle of the Empire from the  
viewpoint of imperial defence, re-  
garded as indivisible, is thus broken.  
From her geographical position Can-  
ada regards herself as unassailable  
by any external power likely to be-  
come an enemy. The only power that  
could attack her would be the United  
States. Therefore a treaty of peace  
with the United States would be her  
security. With that conviction strong  
in her, Canada has almost osten-  
tationally avoided making any serious  
contribution either of ships, men or  
money to the cause of the naval de-  
fence of the Empire.

"All the more reason, therefore, for  
closer co-operation between New  
Zealand and Australia," backed by  
Britain in the day of emergency."

To Suppress Propaganda.  
A bill to suppress seditious teach-  
ing, and especially Communist Sun-  
day schools which exist in Sydney,  
will be presented to the Legislature  
of New South Wales by the Govern-  
ment next session. It is aimed at the  
suppression of "revolutionary propa-  
ganda."

It has been the hottest Summer  
Australia has known since meteorolo-  
gical records began to be kept in the  
Commonwealth. Temperatures in the  
shade went as high as 128 Fahr. and  
in Sydney, where the sea-breezes are  
to be had at all times, as high as 103.  
Humidity was great but fortunately  
the hot spells lasted only for a few  
days at a time. Danger of drought is  
not yet over.

### PAY INCREASED

Brantford, Ont., April 18.—Com-  
mencing June 1, bricklayers here will  
receive one dollar an hour, an in-  
crease of ten cents an hour over the  
present scale.

## REVISE BANK ACT EVERY FIVE YEARS

Suggestion of J. S. Woods-  
worth, Winnipeg Centre

Ottawa, April 19.—(Canadian  
Press)—Notice of a motion providing  
for a revision of the Bank Act every  
five instead of ten years, was given  
by J. S. Woodsworth, Labor member  
for Winnipeg Centre, at the session  
of the Banking and Commerce Com-  
mittee of the House yesterday.

J. J. Hughes gave notice of a mo-  
tion providing that bank directors  
be subjected to a fourfold liability.

Hon. W. S. Fielding: "I wonder  
where you will get directors?"

Mr. Hughes said he was merely  
presenting the motion for the con-  
sideration of the committee.

George Bevington, of Edmonton,  
again took the stand. He dealt with  
the gold basis for currency.

"Do you believe that we should  
have a gold basis?" asked L. J. Lad-  
ner, Vancouver South.

"If other nations think we need  
a gold basis and we are to do busi-  
ness with them, we probably should  
take it," replied the witness.

"To preserve domestic currency is  
it not necessary to have a gold basis?"

asked Chairman Maclean.  
Mr. Bevington did not consider this  
necessary. Dominion notes performed  
all the functions of gold and had  
been generally accepted in Canada.

The witness said that it did not mat-  
ter whether our currency was at a  
discount in outside countries. The  
result of Canadian money being at  
a discount was that we bought more  
goods at home.

New Notes.  
Mr. Bevington proposed a system  
of note circulation authorized by Par-  
liament and controlled by the Treas-  
ury Board which would operate side  
by side with the present bank sys-  
tem.

It would be secured by the com-  
modities of the Canadian people and  
based on the needs of the people.

Hon. H. H. Stevens asked if Mr.  
Bevington thought that a dollar of  
his new and greatly increased note  
issue would buy as much as a dollar  
to-day.

Mr. Bevington said it would.  
A telegram from Sir Edmund  
Walker, president of the Bank of  
Commerce, denying that he had ever  
stated "double liability was not  
worth the paper it was written on,"  
was read by Hon. W. S. Fielding,  
Minister of Finance, at the opening.  
"I did not make the statement and  
I consider the double liability a very  
real safeguard," Sir Edmund stated  
in his telegram.

## PAPER MILL AT NORTH VANCOUVER

Early Announcement of Start  
of Construction Expected

Vancouver, April 19.—Negotiations  
extending over more than a year  
looking to the establishment of a  
large pulp and paper mill and a  
lumber mill are believed to be on the verge  
of a successful conclusion.

The mill is to be erected by the  
Seamon Paper Company of Chicago,  
the president of which was for years  
a director of the Whalen Pulp and  
Paper Company.

Pulp lands on the North Arm and  
other tracts near the city owned by  
E. J. Young of the Bridgman,  
Young Lumber Company of Madison,  
Wisc., are to supply the raw material.

Water will be obtained from one of  
the three creeks pouring into the  
Inlet through North Vancouver.  
Power is to be obtained from the  
Baldie River Power Company.

The pulp and paper mill is to cost  
approximately \$5,000,000 and is ex-  
pected to have a capacity of between  
200 and 300 tons a day. Employment  
for more than 1,000 people will be  
afforded. The mill is to be situated  
on the north shore on a site which  
is already secured, although efforts  
to ascertain its exact location have  
not been successful. It is probably  
near the mouth of the Lynn and Sey-  
mour creeks, however, as water is  
necessary.

Power Development.  
Establishment of this industry  
means that the Bridge River Power  
Company will go ahead with its pro-  
gramme to develop power on the  
P. G. E. near Lillooet. Bridge River  
has a power capacity of 400,000 horse-  
power continuously, but only about  
twenty-five per cent of this will be  
used in the first unit of the com-  
pany's programme. The pulp mill  
will require between 40,000 and 50,000  
horse-power and the thing that has  
held the Bridge River Company back  
in its programme hitherto was the  
acquisition of one such substantial  
customer. The power development  
will involve an additional construc-  
tion expenditure of several million  
dollars.

John R. Reid, resident director of  
the Bridge River Power Company,  
declined to discuss the present situa-  
tion, but information has been ob-  
tained from Chicago, Seattle, San  
Francisco and Victoria, confirming  
the statement that negotiations be-  
tween the Bridge River Company, E.  
J. Young, the Seamon Paper Com-  
pany and others interested are very  
close to consummation which will  
mean the beginning of construction  
of both the pulp mill and power plant.

It has been the plan of the Bridge  
River Power Company to bring its  
power to Vancouver by a route  
paralleling the P. G. E. right-of-way  
and it has always been understood  
that capital for development was  
available immediately upon one sub-  
stantial customer being obtained.  
This condition is now on the point  
of being met. It would occasion no sur-  
prise if an announcement were made  
in the course of a month and con-  
struction begun this season.

## GIRL RESCUED FROM TRIBESMEN

Plymouth, Eng., April 19.—A tele-  
gram was received by the British  
Molly Ellis here yesterday saying the  
fifteen-year-old girl who was kid-  
napped some time ago by Afghan  
tribesmen, had been recovered from  
her captors.

Molly Ellis was kidnapped near the  
Afghanistan frontier recently by sav-  
age tribesmen after they had slain  
her mother. She is the daughter of  
Major Ellis, temporary Commander  
at Kohat.

mauve and blue. In small, medium and large  
sizes. Exceptional value at \$6.50 to \$12.75.

The Ideal Golf Jacket for Women

## FOUR IN NELSON SENT TO JAIL FOR SELLING LIQUOR

Nelson, B. C., April 18.—Mrs.  
Elizabeth Monteleone, S. Fire  
and Albert Gibson, restaurant keepers,  
and M. O. Henderson, a negro, were  
all convicted yesterday of selling  
liquor and sentenced each to  
months in jail. The evidence against  
the convicted persons was given by  
provincial constables from outside  
the district.

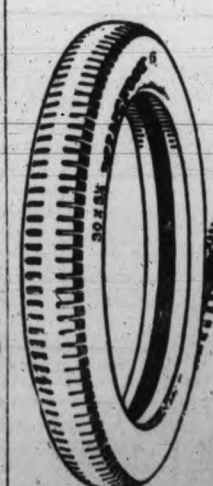

## RHEUMATIC SUFFERERS

May Obtain Relief by Enriching  
the Blood Supply

In the days of our fathers and  
grandfathers, rheumatism was  
thought to be the unavoidable pen-  
alty of middle life and old age. Al-  
most every elderly person had rheu-  
matism, as well as many young  
people. It was thought that rheu-  
matism was the mere effect of ex-  
posure to cold and damp, and it  
was treated with liniments and hot  
applications, which sometimes gave  
temporary relief, but did not remove  
the trouble. In these days there  
were many cures. Now, medical  
science understands that rheumatism  
is a disease of the blood, and that  
with good, rich red blood any man  
or woman of any age can defy rheu-  
matism. There are many elderly  
people who have never felt a twinge  
of rheumatism, and many who have  
conquered it by simply keeping their  
blood rich and pure. The blood en-  
riching qualities of Dr. Williams' Pink  
Pills is becoming every year  
more widely known, and the more  
general use of these pills has robbed  
rheumatism of its terrors. At the  
first sign of poor blood, which is  
shown by loss of appetite, dull skin  
and dim eyes, protect yourself  
against further ravages of disease  
by taking Dr. Williams' Pink Pills.  
They have helped thousands—if you  
give them a fair trial they will not  
disappoint you.

You can get these pills through  
any dealer in medicine or by mail at  
50 cents a box from The Dr. Williams  
Medicine Co., Brockville, Ont. Adv.

## No Detonation —a feature of this gasoline

GASOLINES explode in two ways. Some  
detonate—explode instantaneously.

They depend on a single crashing blow to  
pound the piston down.

Because of a tendency to explode prema-  
turely they limit compression, thus reducing  
power and efficiency.

Detonation causes much of the "knocking"  
which you notice on hills. And the crashing  
blows, repeated, increase vibration—more  
wear and tear.

### Sustained Impulse

Union Gasoline is different. It is non-det-  
onating—produces a sustained explosion.

It thrusts the piston throughout the en-  
tire stroke, doesn't crash against it.

And because it doesn't detonate, it permits  
full compression in your motor. For authori-  
ties agree that compression is limited by the  
tendency of a gasoline to detonate.

### Stronger on Hills

With Union Non-Detonating Gasoline,  
you'll notice a new "lift" on hills, new speed  
on the level, and more snap in the pickup, all  
due to increased compression and pistons  
that are thrust down all the way.

Sustained impulse also means less vibra-  
tion, which saves wear and tear. All this  
means high efficiency, which results in in-  
creased fuel economy.

So there are several good reasons for the  
use of Union Non-Detonating Gasoline.

Union Non-Detonating Gasoline is the  
product of progressive refining methods. Its  
quality is governed by exhaustive tests. The  
research of able chemists, equipped with the  
finest facilities for studying refining methods,  
is constantly devoted to its improvement.

### A PATHETIC CASE.

As the investigation which the Attorney-General's Department is now conducting into the circumstances of the L. R. Steel crash proceeds the people of this Province are learning something about the methods which the corporation's stock salesmen employed. Yesterday's principal development was Mr. Dixie's discovery that a seventy-three-year-old widow, who had lost five sons in the war, was separated from the savings of a lifetime by a glib-tongued individual who piled on the rosy colors of his proposal after he had detected a fraternal pin which the old lady was wearing. He assured her that he belonged to the society symbolized by the ornament and supported his declaration of reliability by giving the head men of the business a membership in the same society on the spot. A more glaring piece of imposition and effrontery it would be difficult to imagine. It is to be hoped that this and other transactions may be brought within the scope and operation of the criminal law and the perpetrator duly punished. Meanwhile it will help to build up the case in favor of a "Blue Sky" law for British Columbia.

### HUDSON BAY RAILWAY.

Kindly encouragement has always been given by the people of Canada to the proposal to construct a railroad to Hudson Bay. The idea has made its historical and romantic as well as its economical appeal. Hence, though the scheme has encountered much political inertia, there has been little active opposition. The feeling has been that the road was inevitable and would some day be a reality.

Had the war not intervened, the line would have been completed seven years ago and its value, or otherwise, would have been long since demonstrated. But the Kaiser had other views. Through his influence, not only was the work stopped, but some of the rails already laid were taken up and sent to France.

Now the project is once more being brought to the attention of Parliament, the old arguments being reinforced by the plea that a comparatively cool and comparatively short route would be afforded for carrying cattle to England. So far has the matter gone that a Minister of the Crown is reported to have recently assured the people of Moose Jaw that the line would be finished "soon," which word was subsequently interpreted by the acting Minister of Railways to mean "as soon as the money is available."

These assurances will be watched with considerable interest by British Columbia. This Province has a pretty decided notion as to what should be done with any millions the Dominion may have to spare at present for the improvement of transportation and of wheat handling facilities.

If there were no Panama Canal, the residents of British Columbia would regard with entire equanimity the expenditure of whatever sum might be necessary to provide the prairies with an outlet at Hudson Bay. But with the fact demonstrated that a large proportion of the grain destined for Europe can be moved westward cheaper than eastward, there is a fixed opinion in this section of Confederation that the immediate duty of the Federal Government is to provide and equip fully the terminals, and other requisites of trade, on the Pacific Coast. Until this has been done, the Hudson Bay Railway should be made to wait.

The present Dominion authorities have shown themselves sympathetic with the British Columbia ambition as well as willing to do a good deal towards its realization. Their pace has been deliberate, but the pressure of the growing commerce of the Pacific has kept right at their heels.

### THE BRITISH FARMER AND THE RUHR.

At an early date it is the intention of the British Government to introduce legislation in the House of Commons that will have for its object the reduction of assessment on agricultural land by something like fifty per cent. The need for relief in this particular connection has been considerably emphasized of late by the precarious condition into which the farming industry has fallen. The strike of farm laborers that is now in progress has contributed its share of concern to an already difficult problem. Farmers are finding it something of a puzzle to make ends meet and still pay decent wages to their help. Nor must it be forgotten that such impetus as the war gave to more intensive cultivation seems to have vanished since the ordinary sources of outside supply were restored to the nation. In the meantime much of the land that went under the plough in the face of national necessity is meadow land again.

This falling off in British agricultural production takes on a more serious significance when one considers Britain's benevolent neutrality in the Ruhr and speculates upon the adverse effect upon the national exchequer which that attitude must have as long as British trade with Germany as well as Russia is curtailed—a condition that reduces the volume of business which furnishes the means of paying for a considerable portion of imported foodstuffs for the people of the tight little isle. Reflection upon this phase of the subject indicates the strength of the Anglo-French understanding because it shows that Britain is agreeable to the contribution—by the handicap of a contracted market for her manu-

factures—of her share of the cost of France's enterprise without even the prospect of ultimate return.

One expert economist has worked out comparative agricultural statistics to emphasize the fact that the economic loss to France, through the stoppage of a normal exchange of trade between herself and Russia and Germany, can not be as acutely felt in that country as it must be in Britain. He shows that France has eight millions of her population engaged on food production in some form in comparison with Britain's less than one and a half millions. In other words France provides bread for her population at the generous rate of 500 pounds per head per annum as compared with less than 100 pounds per head per annum on the other side of the English Channel. In point of acreage under the plough the ratio is five to two in favor of France. In other words the sacrifice which France is making under the immediate economic circumstances cannot be compared with the increased bill which Britain will be compelled to settle in cash payments for foodstuffs she cannot exchange for manufactured exports—or, at the moment apparently, cannot partially set off by increased rural activity at home.

Pursue the relationship still further. Some time ago Lancashire was complaining that Indian purchases had fallen off considerably. The reason is obvious. Before the war Germany was one of India's best customers. That business today is almost at an end because of the condition of the mark and the effect which French occupation has had upon it. Consequently India's purchases in Lancashire are less in similar proportion.

Thus the more one sums up the present situation in Europe, irrespective of its indirect relation to British agriculture and the measure to which we have referred, the more one is compelled to respect the fact that the world cannot be anything else but one economic unit. That phase of it here dealt with, however, actually demonstrates the cost to Great Britain, in the economic sense, of passive support to France in a policy that closes most of the Continental till from which she would otherwise be drawing cash to pay her food bill. And it ought to convince those who fear an open rupture between Britain and her Ally that things will have to alter very materially before the sacred bonds that were forged in the trenches will be broken.

### MR. GOMPERS AND THE "REDS."

If Mr. Samuel Gompers had really become alarmed lest the Soviet Government could either destroy the American Federation of Labor, or overthrow the Republic of the United States, it might well be necessary to take the defiance to which he gave utterance at the annual convention of the National Civic Federation yesterday with some degree of seriousness.

We presume he desired to impress his audience with the necessity to nip the wings of all "reds" as soon as their color became obvious. The American Federation of Labor and the people of the United States are capable of doing all that is necessary—and Mr. Gompers will render all the assistance that his experience is able to command.

The veteran Labor leader has no exaggerated notions of the power of the "red" elements. On his own confession, however, he has been impressed by quotations from the documentary propaganda which has found its way to this continent. But he will find that ninety-nine per cent. of his compatriots will continue to look upon them as the "vapors of muddle-headed men and short-haired women."

When the Soviet Government is but an ugly memory the constitution of the United States will still command the respect of the American people. Changes that it will undergo during the next decade will be dictated by the people's own desire to endow their governing system with more responsiveness. The amendments will not come from Moscow.

### NOTE AND COMMENT

Mr. Bowser says that Premier Oliver is no ally of his. Strangely enough we never thought he was.

Those who are interested in the dancing marathons should remember that the Spring season is with us.

We have discovered that Mr. Henry Ford's cash balance stands at \$200,000,000 to-day. On the other hand we find no difficulty in keeping track of ours.

People who imagine that the Prince of Wales is the only "jockey" who comes to grief in a steeplechase ought to patronize the movie house and see the race films from time to time.

Many people in this country will agree with Senator Chapais when he says that Germany can pay her bill if she likes. What is more, she will find the money when she discovers that France is going to stiek in the Ruhr and that other countries will watch and wait—not interfere.

### OUR CONTEMPORARIES

#### MODERN PROGRESS.

The Toronto Globe:—Aeroplane performances of 240 miles per hour must before long involve a great extension of the carriage of mail matter by plane. The steam engine is no longer in the running.

#### "THE DRIFTING MASS."

The Englishman (Calcutta):—If it has to be acknowledged that the political destiny of India is now more in the custody of the people of the country than under the control of administrative departments manned by the British element, this does not amount by any means to an admission of the principle that India has found the royal road to national well-being. The vast mass of the people do not yet possess the remotest notion of what democratic self-government means, how it should be obtained, or whether the so-called Congress leaders are merely drifting along the currents that will plunge the land into the whirlwind of anarchy.

### Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

#### RADIO TROUBLES.

To the Editor:—I have been considerably annoyed of late by the numerous complaints which have reached my ears, directly and indirectly, of interference by amateurs with radio concerts received by numerous broadcast listeners in this city. Let me state that there are to my knowledge only three amateur transmitters in town which are being used or will be used. One is operated once or twice a month only. The second at most once a week. The third has been closed over a month. The mistake of these people is due entirely to their ignorance of the continental code, and the real cause of the trouble is transmission from ships, which have changed to lower wave lengths to avoid interference on 600 meters. The source of an equal amount of interference is the novice with a single circuit tuner. He does not realize that his receiver improperly handled is the cause of the majority of "cat calls" heard by those trying to enjoy the same concert. Before accusing the amateur it would be well to investigate the source of any continual interference which is experienced. HAM.

Victoria, B. C.

## HALF-HOUR SERVICE WILL BE ASKED FOR

A half-hour service by the B. C. Electric Railway to Wilkinson Station on its interurban line, and transfer privileges to city lines at certain hours, will be sought by the Ward Four Ratepayers' Association. This was the decision reached at a meeting in Marigold Hall last night. Reeve Watson, F. Mellor and G. Nix were appointed a committee to see the company.

A deputation of jitney men, headed by Mr. Seedhouse, promised to call a meeting of drivers on the route, and to arrange a fifteen-minute service for week days with an hourly service on Sundays. There was some discussion over the proposal to establish a municipal bus service. Reeve Watson and Councilor Macnicol advised caution until the Lake Hill municipal bus route has been thoroughly tested. Both of these speakers also pointed out that the cost of maintenance of a bus line over an unpaved road would be high.

## MR. NORTHCOTT LAID TO REST

Many Friends Pay Last Tribute to Eminent Citizen

Masonic Services Conducted by Fellow Lodge Members

William W. Northcott, former City Assessor and one of Victoria's best known citizens, was laid to rest yesterday while large numbers of friends attended to pay their last respects to a man who had won the respect of the whole community. Former mayors, aldermen, school trustees and city officials who worked with Mr. Northcott and knew best his sterling qualities were present. Members of the Masonic Craft attended in a body as Mr. Northcott had been a member of the Order from early manhood and had scarcely missed a lodge meeting for years.

The funeral took place from the B. C. Funeral Chapel at a quarter past two, and proceeded to St. John's Church where service was conducted by Rev. F. A. P. Chadwick. The church choir rendered the Ninetieth Psalm, "The hymns being 'Lead, Kindly Light' and 'Safe in the Arms of Jesus'."

Praises Mr. Northcott. Mr. Chadwick paid a high tribute to the honor and integrity of Mr. Northcott's lengthy career here. The service at the graveside was

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, April 19, 1898.

At the usual weekly meeting of the Aldermanic Board last night, Alderman Williams created some amusement by referring to what he considered a case of gross neglect on the part of the press of the city. He complained of the fact that the Colonist had cut a City Council report in half while on the same day it devoted considerable space to the death of a dog at the City Hall. Tenders were awarded for the erection of Isolation Hospital cottages, and James Bay fire-alarm additions. Washington, April 19.—Speaker Reed signed the Cuban resolution at 12.05 p. m. The vice-president has also signed the Cuban resolution. President McKinley is preparing an ultimatum to be sent to Spain. War is expected.

"See ROSE and See Better"

## Holding to Good Service

RECENTLY WE HAVE MENTIONED the fact that this ever widening public practice has enabled us to make fees for optical service which are as low if not lower than any on the coast. However, the practice is not based upon price, but upon service in its patients' interest. No expense is ever spared for scientific equipment or for skilled service if any benefit accrues to those who come to us for aid.

## TO GIVE COURSE IN CITIZENSHIP

Interesting Experiment Opens in Esquimalt To-night: Mrs. Spofford Teacher

With the realization that many meetings are unduly prolonged and the business unnecessarily complicated owing to ignorance of the rules of parliamentary procedure and in the belief that women, if they are to become efficient in citizenship, should acquaint themselves of such rules, the Women's Institute of Esquimalt has arranged a series of classes in citizenship. The first of these will be held this evening in the Parish Hall, and about twenty-five women have signified their intention of joining.

## ST. COLUMBA TEA

Ladies' Guild Promoters of Very Successful Daffodil Tea Yesterday

A substantial sum was realized towards the redemption of the mortgage on St. Columba Church yesterday afternoon when the Ladies' Guild held a most successful daffodil tea. The schoolroom was prettily decorated in a color scheme of mauve, green and gold.

## WOMEN'S WAGES SET IN ONTARIO

Toronto, April 19.—The minimum wage for female office workers in Ontario centres outside Toronto was fixed last night at a session of the Minimum Wage Board. The lowest wage will be \$12 a week for experienced workers in cities of 50,000 population or over. Inexperienced adults are to get at least \$10 a week, while young girls will get from \$8 to \$10 a week. For cities and towns of lesser populations, the schedule is still lower.

## TAG DAY FOR SAILORS.

For Saturday's tag-day in aid of the Seamen's Institutes, the Melrose Co. have kindly placed their store, 618 Fort Street, at the disposal of the sailors as headquarters. Taggers and conveners are asked to call for their boxes and tags on Friday from 3 until 5 o'clock.

## Miss Boissineau Tells How Cuticura Healed Pimples

"About three years ago I was bothered with pimples on my face. The pimples were hard and small and festered, and my face was disfigured for a while. They sometimes caused me to be awake hours at a time as the irritation was so great.

"I tried different remedies but without any relief. I began using Cuticura Soap and Ointment and after the first application I could see an improvement. I continued using them and was completely healed after using three cakes of Cuticura Soap and two boxes of Cuticura Ointment." (Signed) Miss Rose Boissineau, 12 Bellevue Ave., Sault Ste. Marie, Ont.

Give Cuticura Soap, Ointment and Talcum the care of your skin.

Sample Each Free by Mail. Address: "Cuticura," Dept. 544, St. Paul, Minn. Write every week. Soap, Ointment and Talcum 25¢ each. Cuticura Soap shaves without lather.

## SOCIAL PERSONAL

Mr. W. Elford who has been spending the last few months in Nelson returned to Victoria yesterday.

Mr. and Mrs. James A. MacKinnon, of Edmonton, are registered at the Empress Hotel.

Rev. Dr. G. H. Corles, of San Francisco, arrived at the Empress Hotel yesterday.

Mr. and Mrs. E. S. Tabor, of Sacramento, are guests at the Empress Hotel.

Mr. and Mrs. G. D. Brophy, of Regina, are staying at the Empress Hotel.

Mr. and Mrs. John W. Coburn, of Nanaimo, are registered at the Empress Hotel.

Mr. and Mrs. Elmore Meredith, of Vancouver, are staying at the Empress Hotel.

Dr. and Mrs. Ohnesorg, George Road, are spending a few days in Seattle with Mrs. McKelvey, who was recently their guest here.

After spending a few days in Victoria, Mr. Craddock returned to his home in Vancouver yesterday afternoon.

Mr. W. G. M. Roiston, Menzies Street, left yesterday afternoon on a business trip of a few weeks to Edmonton and Winnipeg.

Mrs. Phipps and Mrs. Proctor were joint hostesses yesterday afternoon at a tea at their home in Carberry Gardens in honor of Miss Dupont, who is leaving shortly for Toronto.

Mr. and Mrs. Macar who for the past three months have been visitors in Victoria as guests at the Empress Hotel left to-day for their home in Winnipeg.

Col. and Mrs. Humble-Burkett, who have been spending the winter months in Victoria, will leave on May 6 for Montreal, from where they will sail on the "Regina" on May 12 for their home in England.

Mr. G. D. B. Turner, managing director of the Indian Mines in the Portland Canal district, returned recently from a trip to Montreal, and will leave shortly to attend to his mining interests in the North.

Lady Barnard entertained yesterday afternoon at her charming home with a few friends of bridge and Mah Jongk in honor of Mrs. Martin and Mrs. Critchley. Throughout the home Spring flowers were artistically arranged.

Mrs. Charles Murphy, of Winnipeg, who has been visiting Mrs. E. Parnell, of St. Patrick Street, left last evening for Vancouver, where she will join Mr. Murphy en route for Winnipeg.

At her home in York Place, Mrs. A. T. Gowdall entertained with three tables of bridge while additional guests arrived at the tea hour. Among those playing bridge were Mrs. Alexie Martin, Mrs. Jack Rithet, Mrs. R. S. Heisterman, Mrs. Lennox, Mrs. Philbrick, Mrs. J. W. Corning, Mrs. Billings, Mrs. Douglas Hunter, Mrs. Ray Green, Mrs. Herbert Wilson, Mrs. Ernest Todd and Miss Gladys Peters.

Mrs. V. L. Denton, Forrester Street, entertained at a charming tea yesterday afternoon in honor of her cousin, Miss Nan Eaton. The tea table with its floral decoration of May flowers and wild lilies was presided over by Mrs. McLaurin and Mrs. Freeman. Among those present were Miss Barron, Miss Scanlon, Miss Riddell, the Misses McFarlane, Miss Kathryn Bradshaw, Miss Huntley, Miss Haverstock, Miss Gillis, Miss Wollaston, Miss Cann, Miss Milla, Miss Shields and Miss McNaughton.

At the invitation of Lady Foster, the members of the Ottawa Women's Canadian Club met at her home yesterday afternoon, when a musical and tea, arranged by the club, was given.

Some of the preserves and jellies left over from winter, when melted down and diluted, make appetizing additions to the punch bowl. Strawberry jam may be melted down and strained, to lend its rich wine-color and spicy tang to a glass of orangeade or lemonade. Another puzzling and welcome concoction is banana-lemonade, made by dropping a whole banana in a bowl of lemonade for several hours, and lifting it out just before the drink is served. The flavor will be noticeable, but not recognizable, and will give rise to many conjectures on the part of your guests.

Another interesting variation of the Summer drink is the joining hands of grapefruit juice and melted cranberry jelly. For those who like tart flavors and do not care for the very sweet beverages, this is ideal. Limes also satisfy the palate of this sort.

Even for the most informal everyday service, make your cooling drink decorative. Hang a slice of orange over the brim of the glass, put a sprig of mint upright in it, and drop a maraschino cherry into its depths. The simplest Summer beverage becomes de luxe when given a bit of trimming.

## YOUR HOME AND YOU

By HELEN KENDALL

Drinks That Tickle the Palate

No hostess is so popular as the one who provides refreshments that depart from the old conventional run of estables and drinkables. A new and novel sandwich, salads of new combinations, and above all, soft drinks that are not a mere variation of iced tea, will give distinction to her parties and make her veranda a much sought place on a Summer evening.

The present vogue of the various fruit juices give the home-maker a chance to invent her own beverages. There is on the market a bottled product called "five fruits," which makes a delicious cool punch. Loganberry juice, raspberry juice, grape juice, and other prepared fruit juices may be combined in any number of ways, and when poured over crushed ice are delicious in color and flavor.

Some of the preserves and jellies left over from winter, when melted down and diluted, make appetizing additions to the punch bowl. Strawberry jam may be melted down and strained, to lend its rich wine-color and spicy tang to a glass of orangeade or lemonade. Another puzzling and welcome concoction is banana-lemonade, made by dropping a whole banana in a bowl of lemonade for several hours, and lifting it out just before the drink is served. ## MACCABEES HEARD SUPREME OFFICERS

Mrs. Kate Swan, of Kansas, and Miss Lincoln, of Port Huron, Here

A mass meeting of Maccabees last evening in the K. of C. Hall listened with much interest to addresses by Mrs. Kate Swan, of Kansas City, Deputy Supreme Commander, W. B. A., and Miss Inez Lincoln, of Port Huron, Michigan, Deputy Supreme Club and Girls' Supervisor, W. B. A. Stephens, Commander of local Review No. 18, was in the chair, and members of the three Victoria reviews were present.

Miss Lincoln outlined the plan for a Summer camp for girls as one of a series which she is organizing throughout the West. At the conclusion of the addresses the speakers were presented with bouquets of Spring flowers and a musical programme concluded the evening.

Mrs. Swan and Miss Lincoln arrived in the city yesterday afternoon and were met by Mrs. Lillian P. Hodgson, Provincial Commander, W. B. A., and Miss Quarby, one of the club and Camp Girls, who took the visitors for a tour of the city and environs. To-night Miss Lincoln will speak to the meeting of Review No. 11 in the K. of P. Hall concerning the proposed camp.

## ILLUSTRATED LECTURE DEVELOPMENT OF ART

A number of very beautiful slides showing gems from the old masters will be included in the collection with which Miss Holland of Toronto will illustrate her lecture on "The Development of Art" tomorrow evening. The lecture is to be given in the Christ Church schoolroom under the auspices of the Kumtuke Club at 8 o'clock. The proceeds will be shared between the building fund of the Cathedral and the Kumtuke delegates' fund, to enable the Club to send a representative to the coming Federation convention in Portland, Ore.

Miss Holland is a gifted speaker and her previous lectures here have been so well received that she is hopeful of a large attendance tomorrow. A musical programme is being arranged by Mrs. N. de B. Shaw, Miss Laurin and Miss Laddie Watkins. Tickets are at a nominal figure and may be obtained at the door or from members of the Club.

## C.P.R. CLUB PLANS BALL FOR NEXT WEEK

The tickets for the ball, under the auspices of the C. P. R. Social and Athletic Club, on Thursday, April 26, in the Empress Hotel ballroom, are going quickly. The patrons of the club, who have not yet secured their tickets, are advised to make reservations at once as only a limited number are to be disposed of. No tickets will be sold on the evening of the ball.

The committee is making all arrangements for a specially good evening. Prof. Ozard's augmented orchestra has been engaged. The C. P. R. Club has won an enviable reputation for putting on a delectable buffet supper, and the committee are making sure that this one will not be surpassed by any of the former ones. Tickets can be had from the C. P. R. ticket offices, Government Street, or at the wharf, or from any of the committee.

A large number of requests have been received to continue the fortnightly dances during the Summer months. The committee is taking the matter to consideration, and some suggestion may be made in this respect at the ball.

## I.O.D.E. LADIES COMPLETE PLANS FOR OAK BAY DANCE

Arrangements are complete for the dance which the Marguerite Chapter, I. O. D. E., will give in St. Mary's Hall, Oak Bay, Friday night. On account of the success of the dances arranged by this energetic organization in the past, a large number of people have already secured tickets for the affair. The committee of I. O. D. E. ladies has been completing preparations for the dance, and announced to-day that Ozard's orchestra will supply the music. Dancing will commence at 8 o'clock. Tickets may be obtained from members of the Marguerite Chapter or at the door.

## BERNHARDT'S COMPANION SEEKS NEW POSITION

Paris, April 19.—The following paragraph appeared recently in the "Situations Wanted" columns of Paris newspapers:

Madame De Gournay, fifty, formerly the companion of Sarah Bernhardt, left free by the sad event of her death, seeks a place as companion, reader or housekeeper. Address Number Four, Rue Olier.

The advertisement brought a fair number of answers. Madame De Gournay declares she will accept an offer of a place with a provincial society woman.

## I.O.D.E. BRIDGE PARTY CATHOLIC WOMEN ELECTS OFFICERS

Florence Nightingale Chapter Hostesses at Delightful Affair Yesterday

The beautiful reception rooms at "Westover," Shasta Avenue, formed a luxurious setting for the card party held under the auspices of the Florence Nightingale Chapter, I. O. D. E., yesterday, when Mrs. James Dunsmuir gave further evidence of her active interest in the Chapter's work for the hospital by throwing the house open for the double event. The house was a bower of flowers, Mrs. H. K. Prior being responsible for the charming arrangement of japonica in the dining room, where masses of daffodils and narcissi, interspersed with primroses, centred the tea-table, at which Mrs. A. B. Hudson and Mrs. McIntyre presided.

About a dozen tables of bridge were in progress during the afternoon, the players being augmented by many guests at the tea hour. The winners were: Mrs. Humber and Mrs. Hennessy. A delightful musical programme included songs by Mrs. Harry Laseby, Mrs. C. E. Wilson and Mrs. Styles, with Mrs. A. J. Gibson at the piano.

In the evening twenty-eight tables were in progress, Mrs. Gordon Jameson and Mr. T. S. McPherson winning the bridge prize, while the 500 awards went to Mrs. Brown and Mr. Garmeson.

Miss Harriett O'Brien New President; Mrs. Fletcher Honorary President

The Catholic Women's League held its annual meeting in the Knights of Columbus Hall yesterday afternoon. Mrs. E. H. Fletcher, the president, was in the chair and during the afternoon Rev. Father Wood attended and took much interest in the excellent reports presented by the officers.

The election of officers resulted as follows: President, Miss Harriett O'Brien; first vice-president, Mrs. Arthur Lineham; second vice-president, Mrs. Minna Bridges; third vice-president, Mrs. Sabin; treasurer, Mrs. Reid; secretary, Mrs. W. McManus; corresponding secretary, Mrs. Ebbas Canavan; Counsellors, Mrs. Harry Nesbitt, Mrs. Roberts, Mrs. Orme, Mrs. Delahunty, Miss O'Brien, and Miss Stewart.

The report of the retiring president, Mrs. Fletcher, was received with much applause and she was unanimously elected honorary president in appreciation of her devoted services as chief executive since the inception of the league.

Girl Guide Rally.—A practice rally will be held in the grounds of the Empress Hotel by the courtesy of the management on Friday afternoon, April 20 at 5.15 o'clock. All companies will meet in full uniform opposite the Belmont House. All Guides and Guides wishing to be present at the rally on Monday must be present in full uniform on Friday.

## What we don't know about sleep and what we do know

Science does not know what sleep is, nor the nature of the causes which produce it. But that the need of sleep is regular and imperative, is established beyond question.

Loss of memory, diminished energy, and lessened mental power all follow in the wake of poor sleep. Isn't it tremendously worth while, then, to make certain that your sleep is not second best but first-rate?

## Simmons "Banner" Springs

Before you go to bed tonight, see what your spring and mattress are like. Carry the mental picture to your furniture dealer's and compare what you have with the buoyant and flexible comfort of the Simmons "Banner" Spring and the Ostermoor Mattress. Set your own value on the sleep, health and energy their luxury insure. You pay two cents a night for years of service. See the "Banner." Examine the whole line of Simmons Springs. They are economical because they do not sag or break down, but keep their life and resiliency for many years. Priced, like Simmons quality beds and mattresses, to suit any family budget.

Look for the Simmons Label. Beware of imitations

## WOULD ELIMINATE PORT TOWNSEND FOR QUARANTINE

Complaints of Unnecessary  
Delay at American Station  
Across Straits

Seattle, April 19.—A change in Federal regulations looking to the elimination of considerable delay now caused by quarantine inspection of vessels at Port Townsend is sought by Frank Hanlon, manager of the Merchants' Exchange here, through the compilation of data which he will submit to the Government. According to Mr. Hanlon's figures 27 vessels coming to Seattle from European ports in the last nine months of 1922 were delayed from 3 to 11 hours each by quarantine procedure at Port Townsend. He suggests that quarantine would be quicker at Tacoma or Seattle.

After loading 400 tons of Oriental merchandise brought here in the steamship President Madison, the Newaco Line freighter Brush shifted to Everett to load 800,000 feet of lumber. Besides practically a full Washington cargo, the Brush will load 600 tons at San Francisco en route to New York, Philadelphia, Boston and Portland, Maine.

Carrying the first capacity list of passengers for Southeastern Alaska ports of this season, the steamship Admiral Rogers left here yesterday.

The British steamer Persian Prince of the Furness-Princo line, arrived here yesterday afternoon to load a cargo of lumber. The vessel is the first Prince line ship to come here in some months.

## MEN OF SATSUMA SUFFERED INJURY DURING STORMS

Brixham, Eng., April 19.—The American steamship Satsuma, bound from New York for Riga, arrived yesterday after a twenty-two-day passage, during which the chief officer and seven members of the crew were badly injured by enormous seas.

## CAPT. TROUP IS RETURNING HOME

Speaks of Pacific Coast Tour-  
ist Prospects While at  
Winnipeg

Special to The Times.  
Winnipeg, April 19.—Capt. J. W. Troup, manager of the Canadian-Pacific Coast Steamship Service on the Pacific, is here today on his way back to Victoria from Montreal.

He states that this summer's tourist traffic in British Columbia is expected to be heavy, reflecting the prosperous conditions understood to exist in the United States. He announced that the new motor car ferry between Bellingham, Wash., and Sidney, near Victoria, is to be put into service next month to complete the loop to the British Columbia terminus of the perfect Pacific highway concrete road, running practically unbroken from the Mexican border to Vancouver Island. Capt. and Mrs. Troup, accompanied by Mrs. D. C. Coleman, while on their way back to the coast from the East.

## BELGENLAND IS FINE NEW LINER ON ATLANTIC RUN

Red Star 27,200-Ton Ship  
Built by Harland & Wolff  
at Belfast

The new 27,200-ton ocean liner Belgenland, of the Red Star Line, which arrived at New York, April 14, on her maiden voyage from Antwerp, Southampton and Cherbourg, is the latest product of the Belfast yards of Harland & Wolff, Ltd. She is 697 feet long and 78.5 feet wide at her greatest beam.

The Belgenland has capacity for 2,700 passengers, of whom 400 can be accommodated in first cabin. Her public rooms are notable both for their size and elegance, comparing favorably in each respect with those on the largest and finest ships in existence. In her general fittings the Belgenland has all the accepted features associated with monster liners: A swimming pool and Turkish bath, a palm court, a large lounge, a drawing room for women, an elegantly fitted smoking room of large size, and a children's playroom and electric elevators in both first and second cabins.

In the arrangement of her decks, and also in her living quarters for passengers in all three classes, the new ship presents a number of novel features. One is the unusual breadth of her promenade deck. Another is the enclosure of the deck with bulwarks sufficiently low to enable the passengers to look out upon the sea with unobstructed view while reclining in a deck chair. Small tables predominate in the Belgenland's dining saloon. Out of a total of 342 seats in the main dining hall, 100 are at two-seated tables. The remainder are at four-seated and six-seated tables.

Mechanical Features.  
Electrically, the Belgenland has every device of the modern used on ships. Her dynamos furnish current to operate 300 fans and 4,500 electric lights. Her elevators for passengers and much of her deck machinery are electrically operated. The propelling machinery of the great ship is a combination of reciprocating engines with a turbine, giving a steady and efficient form of power that has been employed with great success in other great ships, notably the Olympic, which was built at the same yards as the Belgenland. The Belgenland burns oil fuel.

LUMBER FOR MONTREAL.  
The steamship Heathfield has cleared for sea with 2,700,000 feet of lumber from B. C. ports for Montreal.

GOES ON HOLIDAY.  
C. W. Tourtellotte, assistant to B. C. Keeley, Pacific Coast manager for the Canadian Government Merchant Marine, Ltd., has left for California on a vacation.

## IS GLAD SHE TOOK A FRIEND'S ADVICE

Mrs. Hartley States Tanlac,  
Taken on Mrs. Brathwaite's  
Recommendation, Restored  
Her Fully

"It certainly is remarkable how quickly Tanlac restores a person's health. When I had taken my second bottle, my indigestion was gone and I gained eleven pounds. No home should be without Tanlac." This statement was made the other day by Mrs. Alma Hartley, 13 Bright St., Toronto, Ont.

"Stomach trouble, sleeplessness and a badly run-down condition kept me in misery two years and I was just a nervous wreck. When I took back now I wonder how I lived on the little I ate, my appetite was so poor. My food soured, gas bloated me and caused terrible pains, and I was dreadfully nauseated. I almost forgot what a good night's sleep was, and became alarmingly thin and weak."

"It was Mrs. Brathwaite, my neighbor, who advised me to try the Tanlac treatment, and I am surely thankful. My appetite is so ravenous now I can't wait for meal time. My nerves are calm. I sleep like a child and always feel strong and refreshed. Tanlac is simply grand."

Tanlac is for sale by all good druggists. Accept no substitute. Over 35-million bottles sold. Adv.

## Day Steamer to Seattle THE S. S. Sol Duc

Leaves C.P.R. wharf daily except Sunday at 10:15 a.m. for Port Angeles, Dungeness, Port Townsend and Seattle, arriving Seattle 4:45 p.m. Returning, leaves Seattle daily except Saturday at midnight, arriving Victoria 9:15 a.m.

## Skipper and Officers of Bessie Dollar Returning

Capt. L. Meehan and Nine Of-  
ficers Will Arrive Here  
Aboard SS. President Mc-  
Kinley Due From Orient  
This Week-end

Capt. L. Meehan, former skipper of the freighter Bessie Dollar, and nine of his officers, are passengers aboard the Admiral McKinley, which is due to arrive here Sunday night or Monday morning from the Orient. After a series of misadventures in the Pacific the steamship Bessie Dollar finally arrived on the coast of Japan and Manila after 100 days at sea. It was announced that the vessel had been sold to Japanese interests. It was the Bessie Dollar that a year previously limped into Esquimalt Harbor with her house-work wrecked by a giant sea.

The officers of the ship were booked to this port by the President McKinley and embarked at Yokohama. The President McKinley, Capt. Alvin O. Lustie, sailed from Yokohama at 4 p. m. on April 13.

Others Aboard.  
Passengers arriving by the President McKinley include: Reuben Ellis, of New York, president of the Tobacco Products Export Corporation; Henry Elchelm, concert violinist and composer, wife and daughter, bound for Santa Barbara; Maj. Archie York, of the Veterans' Bureau, Washington, D. C.;

Major Charles McDewitt, chief quarantine officer in Manila, wife and children; Harold Norman, advertising manager of The Daily China Press, who is a delegate to the convention of Rotary Clubs; James Wade, a retired banker of Cleveland, O., and son; Lambert Dunbar, manager of the Bank of Hongkong, and wife; Harry W. Smith, manager of the Standard Oil Company in Bankok, Siam, wife and son, bound for Minneapolis; John Mealer, an automobile dealer, and wife; Harold Pike, Yokohama manager of the Home Insurance Company, and wife; Robert Wagner, of the Pacific Coast Biscuit Company, Seattle, and Joseph Harde-man, Seattle hat manufacturer.

## SS. ACHILLES WAS SLIGHTLY DELAYED

Holt Liner Docked Here This  
Afternoon Bound to Sea  
From Seattle

Slightly delayed on the Sound in completing her outward cargo, the Blue Funnel Line turbine Achilles arrived here early this afternoon from Seattle on her way out to sea. The ship is laden with a capacity cargo for the Orient.

On this trip the Achilles is going out under the command of Capt. W. Glossop, who succeeds Capt. George A. Flynn.

Capt. Flynn, who brought the steamship out on her maiden trip from Liverpool, has been recalled to the United Kingdom to take over the command of another liner, Capt. Glossop is well known on this coast.

The Achilles remained here to-day long enough to embark Chinese steamer passengers and take on mails. The Philoctetes, sister ship to the Achilles, will be the next ship of the Blue Funnel fleet to arrive here from the Orient.

The Philoctetes sailed from Yokohama April 12 and is due to arrive here April 24.

## SHIPPING NEWS AT SAN FRANCISCO BAY

San Francisco, April 19.—The new tariff of the Pacific Westbound Conference covering overland freight will be issued to shippers and steamship companies in a few days, E. J. A. Watts, general secretary, announced today upon arrival from Seattle, where he attended the conference of the rate-making lines in this service. It was announced there would be few changes in the new tariff.

Based upon inquiries and observations of trade interests throughout the United States, overland and ocean tourist business is expected to establish a record this year, according to Roy W. Crowder, general passenger agent of the Los Angeles Steamship Company, and Hugh Britton, assistant general manager of the Admiral Line. They stated it was expected the coastwise vessels of their respective lines will be taxed to capacity out of San Francisco and other Pacific Coast ports during the period beginning May 1 and continuing until late September.

Hugh Gallagher, who in the past has been superintendent here of the Admiral Line, has been appointed assistant operating manager for the California district, which also includes Coos Bay, Ore.

## CAROLINIAN WILL LOAD LUMBER HERE

The American freighter Carolinian is due this afternoon to load about half a million feet of lumber at the Canadian Puget Sound mill in the Upper Harbor.

The vessel was expected early this morning but was held at Port Angeles in clearing for this port. The Carolinian is under charter to A. M. Gillespie, Inc., of Seattle, and King Bros. are the local agents.

She will complete with a full cargo on the coast for New York.

## NEW COAST STEAMER READY FOR TRIALS

Union Company's Steamship  
Cardena to Leave for Coast  
April 30

The official trials of the new coast steamer Cardena, built on the Clyde by Napier & Miller to the order of the Union Steamship Company of British Columbia, will be run on Greenock on April 26. It is expected, providing the trials are satisfactory, that the steamer will sail April 30 for Vancouver.

Captain Dickson, formerly master of the steamer Camosun, is in England to bring the Cardena out to the Pacific coast waters.

The run will probably take about forty days, including delays at the Azores, Panama and California for fuel oil.

## LAUNCH BOAT FOR ALASKA SERVICE

SS. Alaska Sent Down Ways  
at Tacoma Shipbuilding  
Plant To-day

Tacoma, April 19.—The steamship Alaska, especially designed for passenger and freight service between Puget Sound and Alaska, will be launched late this afternoon from the Tacoma Shipbuilding Plant. Miss Frances Nowell, of Tacoma, Alaska, a student at the University of Washington, will sponsor the vessel, which will fly the flag of the Alaska S.S. Company.

The Alaska will accommodate 250 first-class passengers, and has a deadweight capacity of 3,000 tons. She is 354 feet long and 49 feet beam, and will use oil for fuel.

## Positions by Radio

Estevan Point—Overcast; N. W. fresh; 29.91; 49; sea moderate; Spokane str. Canadian Scotch, 1 a.m., position at 8 p.m., 143 miles from Vancouver, inbound; spoke str. Admiral Rogers, abeam Cape Lazo, 2.15 a.m., northbound.

MORE TIN PLATE.  
One thousand cases of tin plate, 18,000 cases of whiskey and quantities of cable, machinery, clothing and foodstuffs comprises part of the B. C. cargo on the Blue Funnel freighter Eurydamas.

## Finding Relief She Tells Others

Madame Telephone Parent Took  
Dodd's Kidney Pills for  
Bright's Disease, Rheumatism and Dropsy.

She Found no Relief till she used the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

## EMPEROR OF ASIA ON DO BOUND TRIP

C.P.S.S. Ship Will Sail To-  
night for Ports in the  
Orient

Empress of Canada, Due Here  
Monday, Has Many  
Passengers

The Canadian Pacific liner Empress of Asia, Capt. Lionel D. Douglas, R. N. R., got away from Vancouver at noon to-day and will be alongside Pier 2 here about 5 o'clock this evening. The ship is taking out a full cargo of merchandise for Oriental ports and will have 350 passengers aboard. On this voyage the Empress of Asia will not touch at Manila, as the Philippine port has been eliminated from the company's schedule of sailings.

A faster service will be provided between Yokohama, Kobe, Shanghai and Hongkong, and the steaming time between the Japan coast and this coast will be materially shortened. Prominent steel and tea men will be among the liner's complement of passengers when she clears from the Outer Docks to-night for Yokohama.

Canada on Monday.  
On Monday morning the crack liner Empress of Canada, Capt. A. J. Halley, R. N. R., will arrive here from the Far East.

The Empress of Canada is bringing in a large list of passengers including 320 in the first saloon accommodation. Apart from her first class list the liner has 100 second cabin, 50 third class and a large list of Asiatic steerage passengers.

The Empress of Canada sailed from Yokohama at noon on April 14, getting away from the Japan coast one day behind the American liner President McKinley.

## MOTOR FREIGHTER.

The Furness-Withy motorship Dominion Miller is due late next month to load at Vancouver for the United Kingdom. The Dominion Miller is of the latest motor-driven freighters, and her arrival on this coast is awaited with interest by shipping men who are interested in the development of cargo-carriers, especially those fitted with internal combustion engines.

## NO OFFER YET FOR SHIPS CANADA HAS UP FOR SALE

Ottawa, April 19.—A report that the Government was negotiating with a syndicate for the sale of the entire Government Merchant Marine fleet was called to the attention of Parliament yesterday afternoon by Dr. Murray MacLaren, Conservative, St. John.

Hon. G. P. Graham replied that as previously announced twenty-seven of the smaller vessels were for sale. So far as he knew, no offer had been received for the twenty-seven ships. He doubted whether they would be suitable for the grain carrying trade.

Replying to a question, Hon. Charles Stewart, Acting Minister of Immigration, said there was no contract with the Canada Colonization Association except the conditions which he had already placed upon Hansard.

Hon. G. P. Graham stated, in reply to a question, that there would not be more than one commissioner appointed to inquire into the Grand Trunk gratuities and that no appointment had yet been made.

## INSPECTED DRYDOCK

Prince Rupert, April 19.—Captain Hendrickson, of Juneau, chief of the U. S. Alaskan Hydrographic Survey, made an inspection of the Prince Rupert drydock yesterday.

## BERENGARIA DUE.

The Cunard liner Berengaria is due to arrive at New York at 9 a. m. on Saturday. The liner Scythia reached Liverpool at 2 a. m. April 17.

## VESSEL MOVEMENTS

The hat specially suitable for your type is the hat Fashion says you should wear. You will find that hat here at the price you will be glad to pay—\$7.75 and \$9.75.

## GARY ANNOUNCED EMPLOYEES WAGE ADVANCE BY RADIO

Because of his 11 per cent. increase to the 150,000 employees of the United States Steel Corporation, announced by wireless from the Mauretania, a royal welcome awaited Judge Elbert H. Gary, Chairman of the corporation's board of directors, who with Mrs. Gary returned to New York from a cruise in the Mediterranean by the Cunard.

About one-half of the tour who embarked on the cruise remained in Europe, and the ship's voyage from Southampton and Cherbourg to New York was really the last leg of the cruise which left New York over two months ago.

A passenger of unusual interest was H. A. Tallmadge, editor of The Toledo Blade the man who broke the bank at the Lisbon casino on March 31. Mr. Tallmadge also won 51,000 francs in three turns of the roulette wheel while the Mauretania lay at Monte Carlo on March 29. Mrs. Molla Bjurstedt Mallory, the well-known tennis star, also was a passenger. She spent part of the Winter on the Riviera.

## "My Hands Trembled and I Could Not Sleep"

Mr. Thomas Honey, Brantford, Ont., writes:—

"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup of tea my hand would tremble like a leaf. I could not sleep well, could not remember things, and there were neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."

# BASEBALL. CRICKET. SPORTING NEWS. GOING. SWIMMING

## Bambino Comes Back And Swats a Home Run

Babe Ruth Provided Greatest Thrill For 74,200 Fans At New York Yesterday When He Hit a Circuit Drive With Two Men on Bases; Greatest Crowd That Ever Saw a Baseball Game Attended Opener In Yankees' New Stadium

New York, April 19.—Babe Ruth came back into his own yesterday.

When the mighty Yankee slugger cracked his first home run of the season far into the right field bleachers of the massive new Yankee stadium, 74,200 howling fans—the largest throng that ever attended a baseball game—rose to accord their idol a thunderous ovation.

Ruth's circuit clout, clinching victory for the American League champions in their opening game with the Boston Red Sox, added the one touch needed to complete the most picturesque drama in

baseball annals. The Babe, those thousands agreed, had come back.

A super-world's series atmosphere pervaded the formal dedication of the huge new home of the Yankees. The record crowd which jammed every nook and corner of the huge triple-decked grandstand and packed all but a few corners of the bleachers, rather than perch in the few vacant areas of the bleachers.

Every seat in the mammoth structure could have been filled but several thousands chose to stand in the aisles rather than perch in the few vacant areas of the bleachers.

### A Stupendous Record.

The attendance bettered by more than 30,000 the previous high mark of 42,820, set at Braves Field, Boston, in 1915, in a world's series game between the Red Sox and Brooklyn.

The reserved bleacher sections, accommodating 20,000, were sold out 24 hours before opening time but lines of the faithful formed early in the day to await the opening at noon of the sale of more than 50,000 unreserved grandstand and bleacher seats. By 1:30 p.m. the gates were open and the game was scheduled to start, it was estimated that about 40,000 had passed through the turnstiles.

Formal ceremonies of the occasion included raising the 1922 Yankee pennant by Managers Miller Huggins and Frank Chance, and parade about the field, headed by Commissioner K. M. Landis, Governor Alfred E. Smith, who also tossed out the first ball, and other notables, but the real thrill—the Babe's first home run—came in the seventh inning.

After a very close race the ladies who carried The Times colors won the world championship to beat Boston yesterday, 7 to 4. Scott was given brilliant support and a home run to right center in the fourth scored Snyder. Bagwell, who had a home run, set, getting only a double for this unprecedented feat.

### Packs Wicked Blow.

The home run king demonstrated in practice before the game that he had the range. Taking his first turn at bat he picked Sam Jones's first offering for a terrific drive into the right field sections. He followed this with a double, and a triple, after an even left-handed swing, after which he struck with such force as to splinter the planking in one of the top bleachers, scattering a group of youthful enthusiasts who immediately returned to scramble for the ball.

The game itself offered little excitement after the Yankee rally in the third inning, when Ruth's first run counted for the three runs that clinched the game. The Red Sox threatened but once, in the seventh, but were quickly checked.

At New York—R. H. E. Boston..... 1 3 1 New York..... 4 7 1 Batteries—Ehmke, Fullerton and Devermer; Shawkey and Schang.

### Chance Was Excited.

Frank Chance, "peerless leader" of the old Chicago Cubs, sat among his Red Sox in the visitors' dugout yesterday, trembling like an oakleaf in late fall.

"What's the matter, boss, cold?" asked "Chick" Fawcett, the Red Sox shortstop.

"Cold, nothing," smiled Chance. "Excited, like a fish that's been hauled out on a river bank, then thrown back into the stream."

How They Stand.

New York, April 19.—The 1922 major league baseball season, two days old in the National and just half of that in the American, finds fans watching to see how long some of the age in "How they stand." Each team having played only one game in the American, four of the teams are spotless to-day—New York, Detroit, Philadelphia, Cleveland and St. Louis. In the National, New York and Brooklyn are unblemished, the Giants standing out alone as first as they won both games and the Robins only one, tying the other.

### American League.

Philadelphia, April 19.—Philadelphia opened the American League season here yesterday by defeating Washington, 3 to 1. A home run by Dykes in the second inning with a man on base, was the blow that sent Walter Johnson down to defeat. More than 30,000 persons saw the game.

R. H. E. Washington..... 1 4 2 Philadelphia..... 3 1 0 Batteries—Johnson and Ruel; Harris and Perkins.

### Two Homers at Cleveland.

St. Louis, April 19.—With George Sisler on the sick list, the Browns lost the opening game of the season to Detroit yesterday, 9 to 6. The locals used seventeen players, four being pitchers. Kenneth Williams started his home run in the seventh, hitting a home run in the seventh.

In the preceding inning, Hellmuth hit a homer. The attendance was estimated at 20,000. Hellmuth connected four times, while Cobb connected for three singles.

R. H. E. Detroit..... 9 15 St. Louis..... 6 9 1 Batteries—Collins, Francis and Bassler; Shocker, Danforth, Wright, Root and Severid.

### Cleveland Away Well.

Cleveland, April 19.—One of the largest opening day crowds that ever witnessed an American League game here saw Cleveland make a ninth in-

ning rally and defeat Chicago, 6 to 5, here yesterday. After Chicago had gone into the lead, 5 to 4, in the eighth, Wamby led off the ninth with a double. Speaker fouled off but Guisto walked and Summa and Sewell singled, scoring two runs. The official attendance was 29,372.

R. H. E. Chicago..... 5 12 0 Cleveland..... 6 13 2 Batteries—Faber, Mack and Schalk; Coveleskie, Uhle, Beech and O'Neill.

### National League.

Brooklyn, April 19.—The Dodgers staged a ninth inning rally yesterday to beat out the Phillies, 6 to 5. In the eighth, Sands boosted a homer for the Phillies, driving in Walker, making the score 5 to 1 in favor of the Phillies. Wheat, followed with a homer for Brooklyn. Schleimer singles and Barber and Reuther walked. Deberry got a hit. Grimmes walked and Olson's single won the game without a Dodger being retired in the inning.

R. H. E. Philadelphia..... 5 10 1 Brooklyn..... 6 7 1 Batteries—Head, Hubbell, Meadows and Henline; Grimes and Deberry.

### Giants Field Brilliantly.

Boston, April 19.—Long hits off Watson and Oeschger enabled the world champions to beat Boston yesterday, 7 to 4. Scott was given brilliant support and a home run to right center in the fourth scored Snyder. Bagwell, who had a home run, set, getting only a double for this unprecedented feat.

R. H. E. Philadelphia..... 5 10 1 Brooklyn..... 6 7 1 Batteries—Head, Hubbell, Meadows and Henline; Grimes and Deberry.

### Even Up Series.

Cincinnati, April 19.—Toney outpitched Rixey in the second game of the season here yesterday and St. Louis evened up the series by defeating Cincinnati, 4 to 2. Mann made the first homer of the season in the third inning.

R. H. E. St. Louis..... 4 13 2 Cincinnati..... 2 8 0 Batteries—Toney and Clemens; Ainsmith; Rixey and Hargrave.

### Coast League.

Portland, April 19.—Pat Shea had too much on the ball for the Beavers yesterday, and San Francisco made it two straight. The score was 4-1. Rain threatened, but held up until after the game.

R. H. E. Portland..... 4 9 1 San Francisco..... 1 0 0 Batteries—Shea and Yelle; Schroeder and Byler.

### A Welcome Home.

Seattle, April 19.—Seattle opened its home season yesterday by a victory in the ninth inning. Yesterday a home run into the bleachers in the final inning and the giving Seattle the game 1 to 0. Despite the fact that rain fell throughout the contest, a big crowd attended.

R. H. E. Seattle..... 1 11 0 Portland..... 0 0 0 Batteries—Hughes and Hanna; Daly; Gardner and Yarnan.

### Socs Trim Oaks.

Oakland, April 19.—Sacramento defeated Oakland yesterday, 6 to 4. The game was marked by ragged fielding and wild mound work.

R. H. E. Sacramento..... 6 11 0 Oakland..... 4 9 3 Batteries—Frough, Thompson, Yellowhorse and Koehler; Eley, Wells and Baker.

### International League.

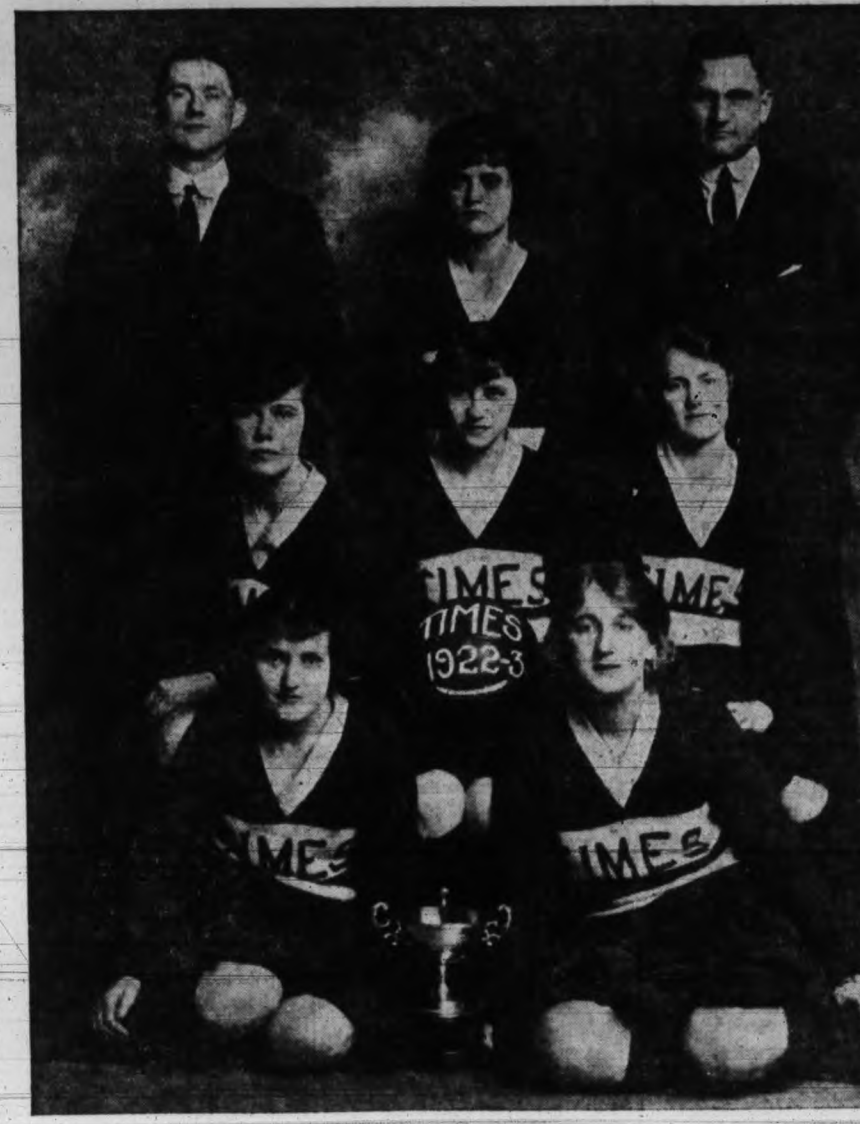

Baltimore, 3; Syracuse, 3 (called, darkness). Buffalo, 4; Reading, 7. Rochester, 9; Newark, 7. Toronto, 1; Jersey City, 6.

R. H. E. Detroit..... 9 15 St. Louis..... 6 9 1 Batteries—Collins, Francis and Bassler; Shocker, Danforth, Wright, Root and Severid.

### Cleveland Away Well.

Cleveland, April 19.—One of the largest opening day crowds that ever witnessed an American League game here saw Cleveland make a ninth in-

## VICTORIA LADIES BASKETBALL CHAMPIONS

"THE TIMES" TEAM.

After a very close race the ladies who carried The Times colors won the world championship to beat Boston yesterday, 7 to 4. Scott was given brilliant support and a home run to right center in the fourth scored Snyder. Bagwell, who had a home run, set, getting only a double for this unprecedented feat.

## LADIES' PLAY-OFF FOR CHAMPIONSHIP

College and Whizbangs Will Meet to Decide Island Hoop Champions

The final game for the Vancouver Island Ladies Basketball championship will be played to-morrow night at the Trades Hall between the Whizbangs and the Victoria College girls.

The game for the ladies' title should prove to be a strong drawing card as both teams are confident of winning with each club being well backed. The College Girls have the advantage of playing together during the whole of the season, while the Whizbangs organized when the league was formed.

After the game the cup and medals will be presented to the victors by W. H. Mearns, president of the Vancouver Island Ladies Association.

The teams will be as follows: Whizbangs—B. Hamilton and G. Wellburn, guards; Florrie Gates, centre; Jean Burridge and K. Wellburn, forwards.

Bob Whyte will referee the match between the College Girls and the Whizbangs.

## HOW THEY STAND

National League.

## PLENTY OF HOMERS

St. Joseph, Mo., April 19.—Although the season only a week old, to-day, 28 home runs have been recorded in the Western League, including eight yesterday.

## Fulton to Get Chance to Show What He Can Do

Way Paved for Him to Meet Johnson; Victory Will Get Him Into Boxing Show

New York, April 19.—Floyd Johnson, Iowa aspirant for the heavy-weight boxing laurels, will go through with his much-debated match with Fred Fulton, Minnesota pugilist, next Monday night at Jersey City, and risk on the result his chance of meeting Jess Willard in the main bout of the charity show at the Yankee Stadium, May 12.

New Jersey boxing officials suggested to the New York Athletic Commission that Johnson be permitted to box and that, if Fulton were victorious, he be substituted for Johnson against Willard.

This announcement was made last night after William Muldoon, chairman of the New York Athletic Commission, withdrew his order barring Johnson from boxing Fulton until after his scheduled match with Willard.

Must Fight For Place.

Under the arrangement reached after a series of conferences during the day Johnson will forfeit to Fulton his place on the Yankee Stadium card in the event he is defeated by the Minnesota boxer. Thus he will not only risk his pugilistic future on the bout, but also a purse of \$25,000 he was to have received for boxing Willard.

Fulton, who previously had offered to fight without compensation at the charity show, signed an agreement on this basis, to be effective if he defeats the young Iowan.

Should such an upset develop, it was declared last night that Luis Angel Firpo, South American heavy-weight, who is expected to box Jack McAuliffe, II, of Detroit, on the same card, probably would be substituted for Johnson against Willard, with McAuliffe and Fulton as a second attraction.

Firpo already has signed to take the place of either Johnson or Willard in an emergency.

Passerby to Decide.

As New Jersey boxing laws do not permit a decision, it was agreed to leave the verdict on the bout, a 12-round affair, to the majority opinion of sporting writers on New York morning newspapers.

Yesterday Newton A. M. Bugbee, New Jersey boxing commissioner, announced Johnson's victory over Charles Cock, were indefinitely suspended for failure to go through with the Fulton match on Monday night, when it was originally scheduled.

Bugbee also threatened to break off friendly relations with the New York commission unless his action was upheld by the referees.

The threatened split, however, was averted by Muldoon's change of front, announced after a series of conferences among the boxing promoters and boxing commissioners. New Jersey authorities as a result of gaining point in the controversy immediately reinstated Johnson.

Muldoon's motive in at first barring Johnson from the Fulton match was because of a desire not to jeopardize the charity show.

The annual meeting of the St. Andrew's Athletic Association will be held to-night at 7 o'clock in the schoolroom of the church. Reports from the various committees in charge of the Winter's programme will be heard, and the annual election of officers proceeded with.

The Association has just completed a very successful season. The Trades Hall gymnasium was secured last October and has been used steadily for the past six months by the young people of the Sunday school for athletic competitions.

Seven basketball teams were organized and a series of exhibition games arranged during October and November, after which the teams entered in the various divisions of the Sunday School Basketball League.

The senior girls' team made a trip to Duncan, and several other teams were brought in for exhibition games, including Lady Smith and Elk Lake.

Can Raise Money.

Six hundred dollars has been raised by the Association during the past six months to cover rent of gymnasium, athletic equipment, etc. All expenses have been met and the Association is now preparing a programme for the Summer season.

The St. Andrew's Tennis Club will get under way again shortly and a large membership is expected. Inter-club tournaments will be arranged with other clubs in the city and a good programme of games is assured for the Summer months.

The grass court on Michigan Street will likely be used again by the club this season.

YOU MUST FIND IT EXPENSIVE CAPTAIN

Captain Matterson, of the Victoria Golf Club, while playing on Tuesday on the Oak Bay links with J. M. Hedley, Walter Parry and Leo Kent, holed out in one on the tenth, the distance being 145 yards. The feat is all the more noteworthy in view of the fact that Captain Matterson has now made his tenth in one, as well as the tenth of the Oak Bay course in one, as he has holed out with his tee shot no less than nine times before on courses in Canada and the Old Country, principally in Ireland.

BATTLED TO A DRAW.

Oakland, Cal., April 19.—Jack Reeves and Billy Shade battled to a fast draw in their four-round bout here last night. The decision was greeted by the fans with applause. The men are light heavyweights. Jimmy Duffy scored his fifth victory over Gene Cline when he was awarded the referee's decision. Johnny Farr and California, Jos. Lynch, bantamweights, battled to a draw.

CANADA WILL ENTER A FAST MOTORBOAT

Chicago, April 19.—Canada will be a contender for the Gold Cup, emblematic of the national power boat championship late this Summer. The challenge came from Commodore Parry B. Greening, of the Royal Hamilton Yacht Club, of Hamilton, Ont., who has named Rainbow III, as his entry.

CHESSE MASTERS DRAW THEIR TENTH MATCH

Cleveland, Ohio, April 19.—The tenth game between Frank J. Marshall of New York, United States chess champion, and his challenger, Edward Lasker, of Chicago, was adjourned after midnight last night. Thirty moves had been made when the game was sealed.

## Veteran Golfers Plan Association of Own

Players Over Fifty Years of Age Will Compete for Championship in Seniors Golf Association — Are Handicapped in Other Tournaments Owing to Their Advanced Years

Chicago, April 19.—Tentative plans were made yesterday for the formation of a national golf association of players more than fifty years of age, and recommendations were made for a meeting to be held in Chicago within a couple of weeks to formulate plans for the organization.

It was suggested that the body be known as Seniors' Golf Association and that state bodies be created, so that the association eventually will be 48 regional associations, which would hold annual tournaments. The champions of these state organizations would then meet in a national championship for men past the half-century milestone.

It was also recommended that the senior golfers be divided by periods of five years in age, so that all those between 50 and 55 years old would constitute one class and the succeeding classes would range in age from 55 to 60 and so on to the octogenarians.

The First President.

The idea is based on the successful senior contests of the Apawamis Golf Club, which has staged such an event annually for several years. The formative meeting yesterday recommended that Alexander H. Bevell, of Chicago, who is vice-president of the Apawamis Senior Association, be made first president of the new national seniors and he agreed to accept if it were agreeable to the Apawamis organization.

The more elderly golfers, although eager for championship play and displaying pretty good golf, have never been able to compete in the national tournament because of the inability to keep pace with the more youthful golfers and the new organizations would provide fitting competition for them.

AMERICAN ASSOCIATION OPENS SEASON TO-DAY

Chicago, April 19.—Facing the brightest prospects in its 21 years of unbroken campaigning, the American Association is opening its season to-day with Columbia playing at Toledo; Louisville at Indianapolis; Minneapolis at Milwaukee, and St. Paul at Kansas City.

President Hickey said last night that last season there was not a club on the circuit that failed to make money and that he expected this season to be more prosperous.

SHEEHAN HERO OF GAME

Reading, Pa., April 19.—In the opening baseball game here to-day in the International League, when the visiting Buffalo team defeated the locals, 4 to 3, Jack Sheehan, star shortstop of the Bisons, was the hero of the game, driving in all his team's runs. Sheehan came here from Brooklyn. Previous to this he was manager of the Winnipeg Maroons and is well known throughout Western Canada.

U.S. MARATHON IS UNDERWAY AT BOSTON

Boston, April 19.—The United States Marathon road race which carried with it the long distance running championship of the country, was started over the roads from Ashland to this city at noon to-day. A pack of 72 runners, five of them former winners, scampered away from the starting point, with Clarence Demar of Melrose, who broke all records in winning last year, in the lead.

PADDOCK IS REFUSED PERMISSION TO LEAVE

New York, April 19.—The Board of Governors of the National Amateur Athletic Union last night refused to grant an appeal by Charles W. Paddock, University of Southern California, against a suspension for a record holder, for sanction to take part in an international college track meet at Paris in May.

MANITOBA CURLING.

Winnipeg, April 19.—At the annual meeting of the Manitoba Curling Association, held here last night, Joe Davidson, of the Thistle Curling Club, Winnipeg, was chosen president in succession to W. O. Graham, and Charles Harris, of the Strathcona Club, succeeds Fred Palmer as secretary. The report of the secretary showed the association's affairs to be in a flourishing condition, a total of 134 clubs being affiliated with a total membership of 6,500.

EIGHT NATIONS AFTER GUN TITLE THIS YEAR

Washington, April 19.—Teams representing at least eight countries are expected to compete in the international rifle and pistol matches to be held at Camp Perry, Ohio, next September, according to an announcement to-day by the National Board for the Promotion of Rifle Practice, Switzerland, France, Italy, England and Canada and Denmark will send teams and also probably Norway, Sweden and several South American cities, it was said.

DEAL GOLF COURSE IS NOW IN BETTER SHAPE

Deal, Eng., April 19.—The famous golf course here, which will be some extent of the championship is getting into good condition. Although the fairways are not quite up to the standard of 1919, they are said to be recovering from the recent drought while the putting greens are about as perfect as is possible.

Olympia, Wash., April 19.—A boxing bout between Kid Johnson, Olympia, and Eddie Jackson, Seattle, at 135 pounds, here last night, came to an end when Jackson fell through the ropes, which were loose in the third round. Jackson, whose fall was an accident, hurt his shoulder.

Johnson had seemed to have had the best of the contest.

Quebec Footballers Severely Punished

Montreal, April 19.—Severe penalties were meted out here last night by the Quebec Football Association in connection with the trip last April to Fall River, Mass., by the local Grand Trunk soccer team. Jack Sheel, president of the Grand Trunk soccer section and Adam Rae, one of the prominent players on the team were suspended for three months. C. Crook, secretary of the Grand Trunk A. A., was severely censured for having destroyed the contract for the game. Players who took part in the game will be brought before the council at its next meeting.

Fall River, it was stated, had no authority to bill the Grand Trunk team in their town as the champions of Canada. Penalties were incurred for two reasons, because the team had been suspended for three months and instead had played at Fall River; second, because they had played on a Sunday, which is against the rules of the association.

SCOTCH TEAM HANGS ON TO PROVINCE CUP

B.C.F.A. Having Trouble Getting Trophy; Varsity and Ladysmith to Play

Vancouver, April 19.—Non-possession of the Province Cup trophy emblematic of the provincial football championship, is disturbing the august leaders of football. They know the mug is in the hands of a local jeweller but he declines to part with it to the B. C. F. A. unless given the official O. K. by the St. Andrew's and Canadian Society.

The latter have been approached. Secretary Bob Cavers informed the council members at Monday night's special meeting, but so far, no action has been decided upon.

The trophy is a perpetual challenge donated by the Lieutenant-Governor of British Columbia to take the place of the McBride Shield. St. Andrew's football team won it last year and, according to the B. C. F. A., they are responsible for its return on demand.

Local Man to Referee.

Plans were perfected at the meeting for the cup final on April 22. Either Lock or Pearson of Victoria will referee and the linesmen will be Craig and Allan of Vancouver. Special reservations will be made at Athletic Park for official box seats, and the cup will be awarded to the winning eleven by the donor of the handsome trophy, Hon. W. C. Nichol, who will make a special trip over from Government House to attend.

AUSTRALIA FORCED TO WITHDRAW FROM DAVIS CUP GAMES THIS YEAR

Melbourne, April 19.—Australia will not participate in the Davis Cup Lawn Tennis competition this year, it has been decided, owing to the inability of Gerald L. Patterson and Pat O'Hara, who are members of last year's team, to go to Honolulu for the initial tilt with Hawaii.

Honolulu, April 19.—A. L. Castle, president of the Hawaii Tennis Association, yesterday said that Australia defaulted with Hawaii in the Davis Cup match play, the Hawaiian team would go to the United States to play the winner of the Canada-Japan match. It was reported from Melbourne that the Australian team would be unable to compete because Patterson and O'Hara, he says, could not come to Hawaii.

Winnipeg, April 19.—At the annual meeting of the Manitoba Curling Association, held here last night, Joe Davidson, of the Thistle Curling Club, Winnipeg, was chosen president in succession to W. O. Graham, and Charles Harris, of the Strathcona Club, succeeds Fred Palmer as secretary. The report of the secretary showed the association's affairs to be in a flourishing condition, a total of 134 clubs being affiliated with a total membership of 6,500.

DEAL GOLF COURSE IS NOW IN BETTER SHAPE

Deal, Eng., April 19.—The famous golf course here, which will be some extent of the championship is getting into good condition. Although the fairways are not quite up to the standard of 1919, they are said to be recovering from the recent drought while the putting greens are about as perfect as is possible.

Olympia, Wash., April 19.—A boxing bout between Kid Johnson, Olympia, and Eddie Jackson, Seattle, at 135 pounds, here last night, came to an end when Jackson fell through the ropes, which were loose in the third round. Jackson, whose fall was an accident, hurt his shoulder.

Johnson had seemed to have had the best of the contest.

YOU MUST FIND IT EXPENSIVE CAPTAIN

Captain Matterson, of the Victoria Golf Club, while playing on Tuesday on the Oak Bay links with J. M. Hedley, Walter Parry and Leo Kent, holed out in one on the tenth, the distance being 145 yards. The feat is all the more noteworthy in view of the fact that Captain Matterson has now made his tenth in one, as well as the tenth of the Oak Bay course in one, as he has holed out with his tee shot no less than nine times before on courses in Canada and the Old Country, principally in Ireland.

BATTLED TO A DRAW.

Oakland, Cal., April 19.—Jack Reeves and Billy Shade battled to a fast draw in their four-round bout here last night. The decision was greeted by the fans with applause. The men are light heavyweights. Jimmy Duffy scored his fifth victory over Gene Cline when he was awarded the referee's decision. Johnny Farr and California, Jos. Lynch, bantamweights, battled to a draw.

CANADA WILL ENTER A FAST MOTORBOAT

Chicago, April 19.—Canada will be a contender for the Gold Cup, emblematic of the national power boat championship late this Summer. The challenge came from Commodore Parry B. Greening, of the Royal Hamilton Yacht Club, of Hamilton, Ont., who has named Rainbow III, as his entry.

CHESSE MASTERS DRAW THEIR TENTH MATCH

Cleveland, Ohio, April 19.—The tenth game between Frank J. Marshall of New York, United States chess champion, and his challenger, Edward Lasker, of Chicago, was adjourned after midnight last night. Thirty moves had been made when the game was sealed.

## NEWS IN BRIEF

Copies of the 1923 edition of the  
abbreviated Postal Guide for distribu-  
tion arrived at the local post office  
this morning. These copies will be  
distributed to business firms, and  
people using mails extensively.

**Social Service.**—Miss Olive Snyder  
will give the second of her series of  
talks before the Friendly Help So-  
ciety to-morrow afternoon at 2.30,  
when all interested in social service  
will be welcomed. The meeting will  
take place in the Friendly Help head-  
quarters, Market Building.

**Members of the Mortar and Pestle  
Club of the Retail Drug Clerks' As-  
sociation met in the private dining  
room at Tighe & Wheeler's restaur-  
ant last evening at an enjoyable sup-  
per party. A feature of the affair  
was the inspiring address on "Sales-  
manship," by James Braidwood. At  
the close of the feast a business  
session was held.**

**The West End Margids will give a  
concert in the Margids Hall to-  
morrow evening under the auspices  
of the Garden City Women's In-  
stitute at 8.15. The programme will  
include numbers by Miss Helga  
Rogerson, Mr. and Mrs. A. C. Hud-  
son, Messrs. M. Sampson and Will  
Cobbett. The concert will be fol-  
lowed by light refreshments and  
dancing.**

**Members of Ward Five Liberal As-  
sociation enjoyed to the full the at-  
tractive arrangements for their en-  
tertainment at the card party and  
dance at headquarters last evening.  
Zala's orchestra was in attendance.  
Mrs. J. H. Brown, Mrs. J. Sheppard  
and J. Speck had charge of the ar-  
rangements. Next Wednesday evening  
the Young Ladies' Liberal Club  
will hold a dance at headquarters.**

**A claim for four months' rent, said  
to be due to John C. Macdonald, of  
the Victoria Drive Yourself Livery  
Co. Ltd., from W. S. Harrison, of the  
Sidney Flying Line, was heard by  
Judge Lammiman in County Court this  
morning. J. R. Green appeared for the  
plaintiff and A. D. Macfarlane for the  
defendant. His Honor decided that  
there was no rent due and that the  
\$15 paid into court by the defendant,  
settled all outstanding claims be-  
tween the parties.**

**By a vote of three to one, the of-  
ficial board of the Centennial Metho-  
dist Church this morning instructed  
Rev. Dr. Clein Davies to proceed with  
arrangements for the usual evening  
service on Sunday night. Dr. Davies  
was not present at the emergency  
meeting of the Ministerial Associa-  
tion yesterday and the Centennial  
board feels that its usual meeting  
would not detract in any way from  
the mission service to be conducted  
by Dr. Price.**

**Alfred Petch, who founded the Vic-  
toria Cymrodorion Society in 1904,  
was honored by that organization on  
Tuesday evening when a deputation  
of members waited upon him at his  
home, 1904-Davies Street, and pre-  
sented him with a life membership in  
the Society in recognition of his long  
and faithful interest in the Society. The  
deputation included Mrs. Jenkins,  
Messrs. W. P. Jeanie, D. A. Davies  
and J. Jones. Mrs. Jenkins made the  
presentation. Mr. Jeanie added his  
tribute to her commendation of the  
work of Mr. Petch.**

**Harry Charlesworth this morning  
received the sad news of the death of  
his mother at Crewe, Cheshire, Eng-  
land, on March 28. The tidings came  
as a great shock to him although Mr.  
Charlesworth had been ill. The last  
news was to the effect that she was  
recovering, and Mr. Charlesworth had  
intended to visit her this summer.  
The late Mrs. Charlesworth is sur-  
vived by three daughters, Mrs. F. W.  
Heath, of Nottingham, H. Kerr of  
Horwich, Mrs. B. Crockett of Crewe,  
two sons in England, John Charles-  
worth of London, and Thomas  
Charlesworth, of Stafford, and one  
son, Harry, of this city.**

PREPARE FOR  
ANIMAL WEEK

Will Commence May 1; S. P.  
C. A. Is Active

The monthly meeting of the S. P. C. A. was presided over by Mr. R. Sherwood in the absence of Mr. Pease. Considerable time was given to the completion of plans for Animal Week, May 1 to 5. Notices are being sent, as usual, to the clergy of all denominations, asking them to observe April 29 as "Animal Sunday." Literature is also being widely distributed in the Sunday schools on that day, and all teachers are asked to draw special attention to the rights and needs of animals on that day and through the week.

Special competitions have been arranged for children, and these will close on April 24. They must be addressed to the Secretary of the S. P. C. A., Box 784. Posters have been placed in the right hand corners of drawing attention to the competitions. The S. P. C. A. tea room will be, as usual, at 201 Union Bank Building, and under the supervision of Mrs. Crane, assisted by friends. Tea will be served from May 1 to May 5, inclusive.

The matters under discussion of the committee included cruelty in motion pictures, particular attention being given to some which had recently appeared in this city. The inspector's report was of great interest, and included the following cases attended to: Cows 2; horses 5 (one destroyed); cats 17 (fifteen destroyed); Miscellaneous calls 4; Park Bird 1 (destroyed); dogs 5 (two destroyed). Inspector's telephone No. is 1619. The Society's tea day will be held on Saturday, May 5.

## STOMACH SUFFERING

Disappears as if by magic when Jo-  
To is used. Gas pains, acid stomach,

is an ideal tonic for the system. 1121 Government St., Entrance to Arcade.  
A large bottle for \$1.00.

MINER SMOKED  
PIPE IN MINE

Hadevis Had No Fear of  
Starting Another Ca-  
tastrophe

Now He Will Lose His Cer-  
tificate for Two Years

The loss of his coal miner's cer-  
tificate for a period of two years is  
the penalty which is recommended  
should be imposed on Louis Hadevis,  
who has been found guilty of smok-  
ing while at work in the mine of the  
Nanaimo-Wellington Co.

W. H. Wall, of Nanaimo, ap-  
peared to make a special inquiry  
into the accusation against Hadevis  
by Hon. William Sloan, Minister of  
Mines. Evidence was taken from a  
number of witnesses who were called  
by James Dickson, the acting chief  
inspector of mines.

In his report Mr. Wall observes  
that he has become convinced that  
Hadevis frequently committed an  
infraction of the "Coal Mines Regu-  
lation Act" by smoking a tobacco pipe  
underground in the Wellington-Na-  
naimo Colliery. He took precautions  
to prevent the tobacco smoke being  
detected and Mr. Wall states that  
"a man who will do this is also  
capable of going into abandoned  
workings, where the air is not cir-  
culating so freely, with a view to  
escaping detection, thus increasing  
the danger." He recommended that  
Hadevis' certificate be suspended for  
two years from April 13.

The acting chief inspector em-  
phasized that Hadevis' offence was  
so dangerous that his fellow employ-  
ees had no hesitation in fulfilling  
their duty and reporting it to their  
superiors.

ARRANGE TO PAY  
OAK BAY AND SO  
ALLOW GYMKHANA

Private Syndicate of Business  
Men Will Stage Willows  
Races in Fall

While private interests headed by  
Thomas S. McPherson were awarded  
the privilege of staging races at the  
Willows next fall, directors of the  
B. C. Agricultural Association last  
night laid plans under which the  
Vancouver Island Racing and Breed-  
ing Association will be able to go  
ahead with its gymkhana at the Wil-  
lows, May 24. Arrangements are be-  
ing made now to pay Oak Bay and  
Municipality immediately \$5,000 in  
return for permission to hold the  
gymkhana, and the Fall races. It  
was announced to-day.

The syndicate which will run the  
Fall races is composed of local busi-  
ness men, whose names were re-  
vealed to-day. They are all promi-  
nent Victoria citizens and have  
organized as the Western Thorough-  
bred Association, a pledge of good  
faith they have deposited a  
cheque for \$10,000 with the Agricul-  
tural Association.

Agricultural Association directors  
were divided on the racing question  
last night but finally the Western  
Thoroughbred Association was  
awarded racing privileges by a vote  
of four to two. A minority strongly  
opposed such a decision on the  
ground that if the Thoroughbred As-  
sociation staged the races, it would  
go to private interests, except  
\$5,000 to be paid to Oak Bay and  
\$10,000 to the city. The Vancouver  
Island Racing and Breeding Associa-  
tion, they pointed out, was organized,  
in addition to these payments, to  
use thirty per cent. of net race pro-  
fits to improve the Willows grounds  
for athletic and other purposes.  
Alderman George Sangster, sec-  
retary of the Agricultural Association,  
who has been waging a vigorous  
fight against the application of the  
Island Racing Association, said after  
last night's meeting of the Agricul-  
tural directors that he was well  
satisfied with the arrangements be-  
tween the association and the Mc-  
Pherson syndicate. "The races will  
be in safe hands," he declared.

SAYS SOUTH AFRICA  
ABSOLUTELY STABLE

No Question of Union's Place  
in Empire Now, Egan  
Asserts

South Africa's stability in the British  
Empire is absolutely beyond  
question now W. J. Egan, Canadian  
Trade Commissioner to South Africa,  
told the Rotary Club at its luncheon  
to-day.

"People all over Canada are ask-  
ing me about the Dutch in South  
Africa," Mr. Egan remarked. "There  
is no need for that question. The  
Dutch are as fine citizens as we are  
and for some work they are better  
settlers. The stability of South  
Africa in the Empire is absolute."  
In support of this statement Mr.  
Egan pointed to the splendid work  
of Dutch troops in the German West  
Africa campaign and to the unani-  
mous support which Dutch citizens  
gave to General Smuts when he called  
for aid to suppress anarchy at Johan-  
nesburg a few years ago.

The Rotary Club to-day laid plans  
for aiding the establishment of the  
Automobile Tourist Camp at Curtis  
Point. Rotarians will don overalls  
and go out to the camp site next week  
to complete preparations for the ar-  
rival of the first tourists.  
The club was entertained to-day  
by two beautiful solos by Miss Marie  
McLaughlin, most popular of Vic-  
toria's younger singers.

TO REMOVE SHACKS  
FROM SAANICH ARM

Parks Committee to Preserve  
Natural Beauty; Open Up  
Elk Lake Vistas

Efforts will be made by the Vic-  
toria-Saanich Beaches and Parks  
Committee immediately to cause the  
removal of shacks erected on the  
foreshore of Saanich Arm. It was  
made known to-day. The committee,  
it was announced, will make applica-  
tion to the Provincial Government  
for the removal of these buildings  
from municipal property. The com-  
mittee is anxious to preserve the  
Arm as one of the most beautiful  
Summer resorts in Canada.

Charming vistas of Elk and  
Beaver Lakes will be opened up this  
Summer, as a result of a decision  
reached by the committee after an  
inspection of the Elk Lake area yester-  
day.

WILL START ACTIVE  
WORK ON CEMETERY

Will Lay Drain and Water  
Pipes; Burial-Ground to Be  
Ready in August

Active development of the new  
inter-municipal cemetery at Royal  
Oak will be started immediately by  
the Board of Inter-municipal Ceme-  
tery Trustees. Plans for this devel-  
opment work are being ratified at  
meetings of the Board this week.  
No work of the cemetery site  
has been continued to quarrying,  
clearing and road building. Now  
drains are to be installed and water  
pipes laid to make possible an ade-  
quate water supply for all parts of  
the burial ground. When these pipes  
have been laid it will be possible to  
proceed with the grading of the  
ground and the making of lawns  
and actual burial plots.  
It is planned now to have the new  
cemetery ready for use in August.

CITY STILL SPLIT  
ON QUEEN CHOICE

City Hall Clerks Back Rival  
Ladies; Civil Service Nom-  
inates Miss Rolls

The City Hall, stirred by recent  
activities of rival May Queen candi-  
dates, was an uncertain as ever to-  
day regarding the ultimate choice of  
Mayor Hayward and department  
heads of a suitable candidate to  
represent the city in the Frolic Queen  
competition.

No choice has been made yet,  
despite reports to the contrary, it  
was announced at noon. Four girls,  
all young and pretty, are nomi-  
nated, but no one is eager for the  
position. Male workers at the City  
Hall are split into warring factions  
over the choice and are busy back-  
ing rival ladies.

Provincial civil servants got ahead  
of the City Hall staff late yesterday  
when they nominated Miss Doris  
Rolls, a pretty member of the De-  
partment of Lands staff, as their  
May Queen candidate. A close bal-  
lot elected Miss Rolls over other  
candidates.

UNDERWEIGHT  
FORERUNNER OF  
POOR HEALTH

A Simple Method of Finding  
Out Whether You Are Un-  
derweight, and How to In-  
crease Weight

A person five feet high normally  
weighs 110 pounds. For every inch  
over five feet, you add 14 pounds.  
Thus, if you are 5 feet 6 inches, your  
normal weight should be 130 pounds,  
plus 6 times 14, which is 143 pounds.  
If you do not weigh what you  
should, nature has sounded the danger  
signal, and, unless promptly re-  
medied, ill-health is almost bound to  
follow. First you begin to tire easily,  
then comes a wasting away of body  
cells (flesh) and nerve centres, and  
eventually emaciation, with all the  
hundred and one aches and pains that  
accompany the loss of good health.  
As the first sign of losing weight,  
you should begin immediately to take  
Ironized Yeast, the highly concen-  
trated yeast from the famous Bass  
Ale in England, which has been re-  
cognized by generations and pre-  
scribed by physicians over the entire  
world for men, women and children  
who are underweight. Ironized Yeast  
also contains organic iron, the kind  
of iron that is found in spinach and  
raisins, the kind doctors prescribe for  
rich, red blood.

No discovery in the field of medi-  
cine has aroused more favorable  
comment than the discovery of the  
embodied in Ironized Yeast for build-  
ing firm flesh on thin, anemic people,  
restoring strength and renewing  
nerve centres. It brings the joys of a  
healthy appetite, good digestion, rosy  
cheeks, plump limbs, and buoyant  
spirits. You can produce this latest  
scientific tonic and weight builder  
from any reliable drugstore with sat-  
isfactory results guaranteed.

MARVELLOUS CURES  
ARE CLAIMED AT  
TO-DAY'S SERVICES

Blindness Said to Be Cured  
After Dr. Price Had Left  
the Church

W. Clark Now Able to Walk  
Without Limping

Unusual scenes were witnessed by  
people who attended the preparatory  
service of Rev. Dr. C. S. Price at the  
Metropolitan Church this morning,  
prior to the faith-healing service  
which was held this afternoon. Re-  
markable cases of curing were per-  
formed. It is asserted, in the audience  
before Dr. Price could even reach  
them with cards.

**Cured of Blindness.**  
One especially demonstrative case  
that of a lady who fell prostrate  
in her seat after the service was  
over, and Dr. Price and his party  
had left. She had been totally blind  
in one of her eyes, but it is said  
she could see from the blind eye  
after the service.

A lady took the platform at the  
close of the service, and declared  
that she had been cured of deafness  
that very morning while the service  
was being conducted. She stated  
that she tried to press her way for-  
ward to the evangelist, who was pre-  
sented cards for healing at the ser-  
vice this afternoon, but the crowd  
pushed her back. "But," said she,  
"I did not need to come to the evan-  
gelist, for the Lord came to me, and  
cured me."

**A Testimony.**  
One James Ray resident came  
to the platform and testified.  
He said that following the inspiring  
service on Friday night, when much  
healing was given, he went home  
and meditated that "that night I  
said, 'I knelt down by my bedside  
and for twenty minutes I prayed.  
It seemed that I was fighting the  
devil through the night. That morn-  
ing I conquered, and God cured me.  
Electric shocks, as if a strong bat-  
tery had been turned on inside me,  
went through my body and I was  
cured. I had one leg three-quarters  
of an inch shorter than the other,  
but it isn't now. I don't even limp."  
He continued, and his testimony was  
to the audience. The man was healed  
of all his ailments, his rupture,  
catarrh of the bowels, and a leg  
shorter than the other.

**A Fractured Leg.**  
Dr. Price told of a case where a  
postman, riding a bicycle, broke his  
leg at four o'clock in the afternoon.  
The man came to the service in the  
evening and was cured. He took off  
his splints and hopped off the plat-  
form on his injured leg.

Some fifty or sixty cards were  
issued this morning to the elderly  
people for healing this afternoon.  
Dr. Price said he was sorry that he  
could only issue a few cards, but he  
intimated to the congregation that  
another old people's service would be  
held, while he had decided that a  
faith healing service should be held  
every night so that he could reach  
as many cases as possible. "Faith is  
increasing," Dr. Price asserted this  
morning while he was talking to one  
of the pastors on this platform, "and  
some wonderful healing will be seen  
before the campaign is over."

**Change of Schedule.**  
The children's service which was  
to have taken place on Saturday  
afternoon has been changed to Sat-  
urday night, but the preparatory ser-  
vice will be held as usual in the  
morning at the Metropolitan Church.  
Commencing Friday night the Arena  
will be used instead of the Metro-  
politan Church, but the morning and  
afternoon services will be held at the  
church. Another evangelistic service  
will be held to-night at the church at  
7.30 o'clock. The preparatory service  
to the Friday night healing will be  
held to-morrow at 10 o'clock. Three  
services will be held on Sunday at  
11 a. m., 2.30 p. m. and the evening  
service at 7.30 p. m. This service  
will be held at the Arena.

A private case, that of an aged  
gentleman with palsy, is particularly  
interesting. He could not walk or  
talk and he is said to have received  
relief after Dr. Price had prayed for  
him in the vestry.

## GYMKHANA ASSURED

AS PART OF FROLIC

Pageant of Spirit of Victoria  
Is Now Being Arranged

The settlement reached with regard  
to racing at Oak Bay has had the in-  
cidental effect of assuring that the  
Gymkhana projected for the after-  
noon of the first day of the Maytime  
Frolic will be able to go ahead under  
the auspices of the Vancouver Island  
Racing and Breeding Association.  
The programme will include steeple-  
chasing by military officers and  
horsemen from here and Vancouver,  
all of whom of course will be amate-  
urs. Among the events will be a  
tug-of-war and bayonet fighting be-  
tween teams of the army and navy,  
and a rope climbing display by the  
navy.

Major W. Taylor has presented  
plans for a unique pageant to be pre-  
sented at Beacon Hill Park. The cen-  
tral idea will be the Spirit of Vic-  
toria, with Gloom, Prosperity, Hum-  
anity and other figures grouped  
around. There will be a trial, at the  
end of which everybody will decide  
that Gloom is to have his whippers  
shaved off and be driven out of town,  
whereupon "general rejoicing and  
dancing will follow. Several hundred  
adults and children will take part in  
the pageant. Major Taylor's idea has  
been formally adopted by the general  
committee, and he is now arranging  
the details. The music in connection  
with the pageant will be looked after  
by James Fletcher, and the choral  
effects by Frank Seib, who is plan-  
ning to have all the spectators join  
in some of the choruses.

Another Queen has been added to  
the list of competitors. Weller Bros.,  
Ltd., and Angus Campbell & Co., Ltd.,

## BOYS!

Real  
Orchestra  
Drums

On Special  
Sale at  
\$8.95

There isn't a youngster with an  
ear for music but will want his  
Dad to buy him one of these real  
Orchestra Drums. We have  
just a dozen of them left, and  
in order to make sure that they  
go quickly we have cut several  
dollars off the regular price.  
Made with a full metal shell,  
calfskin heads and thumb screw  
snare strainer. Has a hoop  
bright nickel-plated and strong  
tension rods—a real Orchestra  
Drum in every respect.

TOO MUCH JAIL  
ANNNOYS ACCUSED

Nine Months Last Year, Says  
Elderly Chinaman

Magistrate Jay recalled to the ac-  
cused numerous and former occa-  
sions upon which he had played a  
similar role, and imposed the sen-  
tence.  
C. E. Hildreth, charged with speed-  
ing, was fined \$15. George Kay and  
A. Hockley, charged with improper  
car parking, were each fined \$5.  
Edgar Miles, charged with failure to  
display a current license on a motor  
cycle, was fined \$5.  
A charge of speeding preferred  
against A. Luthier was set down for  
hearing in the Provincial Court this  
afternoon. The hearing will take  
place before a Justice of the Peace.  
Magistrate Jay taking the part of a  
witness for the prosecution, it is  
understood.

was being sentenced. He had spent  
many days in jail, he reminded the  
court, and taking last year as a  
sample he was in "the long house"  
for nine months in all, he said. He  
was an aged man, and was not long  
for this world, continued the accused,  
urging leniency at the hands of the  
court.

Major W. Taylor has presented  
plans for a unique pageant to be pre-  
sented at Beacon Hill Park. The cen-  
tral idea will be the Spirit of Vic-  
toria, with Gloom, Prosperity, Hum-  
anity and other figures grouped  
around. There will be a trial, at the  
end of which everybody will decide  
that Gloom is to have his whippers  
shaved off and be driven out of town,  
whereupon "general rejoicing and  
dancing will follow. Several hundred  
adults and children will take part in  
the pageant. Major Taylor's idea has  
been formally adopted by the general  
committee, and he is now arranging  
the details. The music in connection  
with the pageant will be looked after  
by James Fletcher, and the choral  
effects by Frank Seib, who is plan-  
ning to have all the spectators join  
in some of the choruses.

# - THE TIMES DAILY PICTURE PAGE -

Virginia Millman

a native of Florida, invaded the land north of the Mason-Dixon line half a dozen years ago. She is distinctly a specialist. In one season it's a matter of course for her to have two dozen roles at her tongue's end. When a feminine member of one of the productions where she is official understudy is anywhere but in her costume at the given moment, a hurry call is made, and before anyone in the cast knows just what has happened, Virginia Millman is standing in the wings, smiling sweetly and saying, "Here I am."

## Flirting With an Angel

If Luis Angel Firpo, the Argentine mauler, should forget himself and hit Baron Ponci, the baron would hear a chorus played on golden harps.

Wreckage in the office of Dawn, Chicago publication said to favor a secret organization, immediately after a bomb had been exploded by unknown persons. No one hurt, but lots of noise.

## Give Up G. T. R. Gratuities

Dr. and Mrs. Edwin Dudley returned from the movies and found their home at Sligo, Md., as it is shown here. A tornado had torn it from its foundation and turned it partly around. The nurse was dressing the baby when that happened but both escaped uninjured.

Here are six of the eight former G. T. R. officers now in the employ of the C. N. R., who have voluntarily given up the gratuities voted to them by the board of directors in London. A statement issued by the Government intimates that a royal commission will be appointed to inquire into all the circumstances connected with the giving of these bonuses by the G. T. R. Top row, from left to right: Graham A. Bell, W. D. Robb, J. E. Dalrymple, H. C. Martin. Bottom row: J. M. Rosevear and D. E. Galloway.

What would you do with an income of \$1,000,000 a month? John D. Rockefeller, Jr., has that much. Henry Ford has seven times as much. They can't spend it and don't try very hard. What would you do? Would you live simply, keeping your standards of life unchanged? Or would you make a splurge, as another "Coal Oil Johnny"? Horace Rockham, a Detroit

lawyer, still lives on the old standards. In 1903 he invested \$5,000 in Ford stock. During 16 years he had an income of \$4,000,000 in dividends—and in 1919 sold his holdings for \$12,500,000. His profits for 16 years were more than \$1,000,000 a year.

How would you stand that sort of prosperity? Or Rockefeller's? Or Ford's? Upper left: Henry Ford (inset) and his house at Dearborn, Mich. Right: John D. Rockefeller, Jr., and his town house in New York.

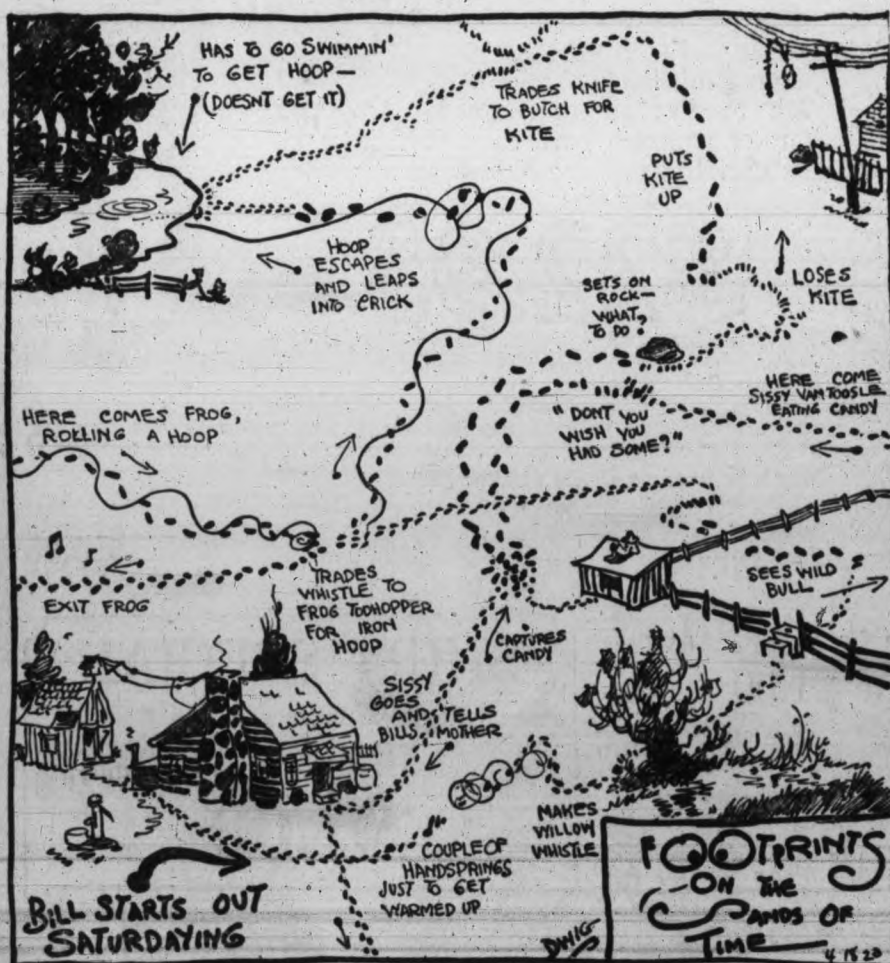

## They Rode on Wings of the Winds

Florence Davis (left) and Thelma Stranley were picked up by the wind that hit Sligo, Md., the other night and carried 200 yards into a plowed field, where they rolled over and over until stopped by a fence. They have covered themselves with an awning to hide their muddy clothes.

## SCHOOL DAYS

By DWIG

Dr. H. W. Evans (above), imperial wizard of the Ku Klux Klan, and Colonel William Joseph Simmons (below), Klux emperor.

Vilhjalmur Stefansson, Arctic explorer, fraternizes with young mountain goats during his visit to Toronto.

## Harding Golfs at Augusta

President Harding inspects his golf club rather dubiously—don't you think?—as he journeys to the links at Augusta, Ga. Other members of the President's foursome were Dr. Nicholas Murray Butler, President of Columbia University; Edward B. McLean, and George James, President of the Atlantic Coast Line Railroad.

## CHOPPY MARKET

### STOCKS TO-DAY

(By Burdick Bros., Ltd.)  
New York, April 19.—The first quarter earnings statement of the Republic Iron and Steel Company was distinctly favorable, but the effect which the foregoing had on the general run of steel shares was disappointing, as this group responded but very feebly. Equipment issues were inclined to be strong, reflecting the large volume of orders which continue to be placed with this line of endeavor. The sugar season was again in demand at advancing quotations in sympathy with a strong market for the raw sugar market, but later receded with the slump in raw sugar. The rail issues were again well taken, and the report of record traffic handled by the New York Central during the first quarter was a factor in the upward movement of the shares. Some special-interest breaking there was considerable profit-taking in progress in the industrial section of the list.

## FOR THE CHILDREN

### The Sandman Story For To-night

#### HEDDY FOX MAKES FRIENDS WITH MR. NEW DOG.

Reddy Fox was not very old nor yet so very young, but he was old enough to know that the new dog at the farm, where he was not old of calling one in a while, was not old and that he might be made a friend of him, if he went about it in the right way.

Reddy was resting on a ridge where a rock overhung. He was quite hidden and yet he could look down on his favorite farm and see how the poultry were getting on. He could also hear, and he was near.

"No, it wasn't for Reddy could see him running about the barnyard. He peeked cautiously around the corner from his hiding place."

It was a strange Mr. Dog trotting along the road with a big bone in his mouth, "going to hide it," thought Reddy. "No wonder I will just keep my eye on him and see where he puts it."

Very carefully and softly Reddy crept out and along beside the road, always keeping himself hidden behind the bushes.

The strange Mr. Dog trotted along all unconscious of the little fox, and at last he stopped a low stone wall into a field.

"Ah, he has a hiding place in that field," thought Reddy. "I will just keep my eye on him and see where he puts it."

Reddy Fox stopped. He had an idea. He hid and waited for the strange Mr. Dog to come out of the field and trot off. Then Reddy leaped the wall and found the place where the bone was hidden.

"Yes, just as I thought," said Reddy after digging a bit. "A feast for somebody that likes bones. And if I am any judge I can make a friend of him."

Reddy Fox trotted along the road with a big bone in his mouth, "going to hide it," thought Reddy. "No wonder I will just keep my eye on him and see where he puts it."

Reddy Fox trotted along the road with a big bone in his mouth, "going to hide it," thought Reddy. "No wonder I will just keep my eye on him and see where he puts it."

## BRETT & KER, LTD.

Real Estate, Financial and Insurance Agents.  
853 Fort Street. Phone 135

**\$8,000—EXTRA CHOICE COUNTRY HOME** of 5 acres, and new modern bungalow of 4 rooms with front and rear porches, high elevation, fine views; fireplace in living room and dining room, 2 bedrooms, spice bathroom, kitchen and pantry; outbuildings complete, small cottage, stable and poultry house; grounds surrounding home are laid out with a gradation of bulbs, roses and ornamental shrubbery; and, with exception of small grove, is all cleared; over 2 tons of berries taken off in one season. Situated on main paved road within easy distance of city. In health of owner reason for selling. A bargain in a country home. Terms can be arranged.

friend of new Mr. Dog by showing him this spot.

Reddy Fox waited his chance, and when he saw the new Mr. Dog out in the road by himself Reddy put on his best dog-like manner and walked slowly up to him.

"Like bones?" he inquired before the new dog had a chance to wonder who he was.

"Bones?" barked the new dog. "I should say I did; know where there are any?"

It was so easy making friends that Reddy almost laughed, but he held his mirth in check and trotted off with the new Mr. Dog beside him to the field where the bones were hidden.

"Well, I must say this is friendly of you," said new Mr. Dog, "sharing your bone with me and never even eating one yourself. Dogs in the country must be more generous than city dogs."

"Oh, I have so many bones right in my house that I can hardly move about," replied Reddy, which was the truth; only he did not tell Mr. Dog they were chicken bones.

"Of course you won't bark and make a great noise if you happen to see me around," your place some night," said Reddy. "I might come around and call you, after Mr. Man is in bed."

Mr. Dog said he wouldn't though he would rather have him come in the daytime so they could play.

Reddy Fox did call, but Mr. Dog did not see him until he was trotting off with a plump chicken. And thinking of the bones, he forgot to bark. Reddy told him each time that he was not feeling well and had to have chicken broth just as Mr. Man did when he was sick.

But one night Reddy visited the farm, and if he had not been quick to jump he would have been caught in the thing that went "click" when he was careless and stepped on some straw close to the poultry house.

The new dog won't chase foxes," said Reddy. "Well, I had a feast for a while, anyway, but traps can't be made friends with, so I must change my hunting grounds."

Reddy Fox trotted along the road with a big bone in his mouth, "going to hide it," thought Reddy. "No wonder I will just keep my eye on him and see where he puts it."

## MUSICAL RECITAL PROVES ATTRACTIVE

Appearance of Victoria Orchestral Society String Section Appreciated

With the final concert given last evening at the Empress Hotel ballroom, under the auspices of the Victoria Ladies' Musical Club, the season's activities of that excellent body of enthusiasts music lovers came to a conclusion. It is not saying too much to say that the club's afternoon and evening programmes have proved most instructive, exceedingly interesting and of much importance to the musical life of the community. The recital witnessed the appearance of the string section of the Victoria Orchestral Society. This consisted of six first and six second violins, two violas, and two double basses, and the excellence of their playing through the three numbers, under Conductor Drury Pryce, made such a distinct impression that evoked numbers were two violin solos by Drury Pryce, Miss Pauline Hall, an accomplished violinist, and Mrs. A. J. Gibson. This was a delightful example of the Handel, which is not often heard, and is really an arrangement from one of his superb organ sonatas. The playing of this number was a fine achievement.

Mrs. Harry Briggs, dramatic soprano, whose singing of recent years has given eminent pleasure and satisfaction. Her diction is clear, her tones full and beautifully produced, and she never fails to capture the eloquence of the songs of her choice. The group of French songs, "L'Heure Exquise" (Hahn), "J'ai Pleure En Bleu" (Hui), and "Ouvre Tes Yeux Bleus" (Hui), was a treat indeed, and in the two "Spring songs," one of which, by request, was from the pen of a local composer, Douglas Macey, the author of "Victoria, My Homeland," and the other by the great Russian composer, Rachmaninoff, and the "Elegie" (Massenet), assisted in a violin obligato by Drury Pryce, were all given with much taste and technical assurance. Mrs. A. J. Gibson, always reliable and efficient, demonstrated her sterling abilities as a sound and sympathetic accompanist.

The ladies of Court Triumph will hold a meeting Friday at 7.30 for general business, followed by a dance and refreshments.

Under the auspices of the Saanich V. O. N., a well-baby clinic will be held to-morrow afternoon at the Tolmie Primary School at 2.30.

Daughters of England Primrose Lodge, will hold a whist drive to-night in the Women's Institute rooms, Surrey Block, at 8.30. Good scrip prizes will be given.

At to-night's meeting of the Native Sons of Canada, which will be held in their club rooms, Langley Street, the City Prosecutor, C. L. Harrison, will address the club. His subject will be "The West Coast Road." It is expected that there will be a large turn out of the membership.

## McKEON HEADS DENTISTS

Dr. R. E. McKeon was elected president of the Victoria Dental Society at the annual meeting and dinner. He succeeds Dr. W. Russell, who has held office for two years. Other officers are: Vice-president, Dr. R. Ford Verrinder; secretary, Dr. Ernest W. Hetherington; treasurer, Dr. Arthur Poyntz; executive,

Dr. A. G. Lough, Dr. W. Russell and Dr. Lewis Hall.

Those at the dinner were: Doctors S. Toulson, A. Poyntz, L. K. Poyntz, R. E. McKeon, Lewis Hall, W. N. Gunning, W. E. Russell, A. J. Garcesche, A. G. Lough, H. Griffiths, J. Harper, H. J. Henderson, B. Nichols and E. W. Hetherington. Dr. William Russell was in the chair. Dr. McKeon was expressed at Dr. Poyntz, radiologist and therapist, leaving Victoria for Portland.

SAYS CONDITIONS  
GROWING EASIER

Real Estate Secretary Sees Prosperity Coming West  
Demands of Labor Not Likely to Retard Building

Real estate men in the city have been greatly heartened by the visit of Wm. E. Herren, the field secretary of the National Association. It is not improbable that steps will be taken to act on his suggestion to meet more frequently. The idea of adopting the Multiple Listing system may also be taken up in earnest, as a result of his warm recommendation. Mr. Herren left the city last night, but he has promised to come again before long to ascertain whether his suggestions have fallen on stony ground or otherwise.

"There is no reason for pessimism in any of the cities of this continent," said Mr. Herren in an interview with The Times yesterday. "I have been in 350 places in the United States and Canada during the past year and, speaking generally, I have found business conditions good. They are especially good in Eastern Canada."

**Building Conditions Good.**  
He added that building conditions are strong in Ontario. In many places all over the continent, and particularly in the Pacific Northwest, he was informed that factories frequently have more orders than they can fill. "The only thing that can interfere with the widespread building boom," said he, "is the tendency to raise prices in lumber. If building costs increase very much in this respect, there will naturally be a slackening of operations."

Mr. Herren did not endorse the view so often held, that the demands of labor are likely to cause a slowing up of construction. "As a matter of

fact," said he, "the cost of labor is not increasing much. In plumbing, electrical fixtures, carpenter work, and many other lines, it is about the same. Of course in the large cities like New York and Chicago, where tremendous building is going on, there has been a substantial advance, but in most other places this does not apply. Another great fact which aids building operations is that money is easy and is seeking opportunities for investment."

He has found that property is moving rapidly towards the West, Seattle, for instance, is much better than it was a year ago. "Vancouver reported to me," said he, "that although it had been handicapped by lack of business, the situation was growing easier, and prospects were looking very bright. The real estate market in Vancouver is getting better, and real estate is always more or less a barometer of what is going on in other lines. In cities where real estate has a ready market, you will always notice that conditions in other lines are favorable."

**Favorably Impressed With Law.**  
Mr. Herren was favorably impressed with the B. C. law which requires persons to take out a license before they can engage in the sale of real estate. He regards this as primarily a protection to the customer, since the risk of losing the license acts as a strong check on misrepresentation. There are, he said, fourteen states that have similar license laws, and there are eight or ten others in which the adoption of similar legislation is contemplated. British Columbia is, as yet, the only province of Canada that has adopted the system.

Mr. Herren reports that the idea of establishing a zoning system in cities is spreading. It met with considerable opposition, among real estate men as well as others, but its advantages are now beginning to be widely recognized.

## CHINESE WANT SLAVE CHARGES INVESTIGATED

Just what will be done with regard to the puppet charges of the Rev. J. Richmond Craig about conditions in Vancouver Chinatown was discussed at the Parliament Buildings today. Rev. Mr. Craig recently told of looking through a peep-hole and seeing a white woman, formerly well known in Vancouver, being offered on an auction block and stripping off her garments piece by piece until she was nude in order to stimulate the appetite of a crowd of excited Orientals. He said she had fallen through a trap.

Members of the Chinese Benevolent Association asked the Attorney-General for a public investigation of the Craig charges. On until this afternoon the Attorney-General's Department had no answer to the application for investigation. Until the application arrives, it was deemed advisable not to issue any statements.

## AN ALIEN SUNSET.

Proud Father: "That is a sunset my daughter is waiting. You know she studied painting abroad."

Student: "Ah! That explains it. I never saw a sunset like that in this country."

## FRECKLES

Don't Hide Them With a Veil: Remove Them With Othine—Double Strength

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil: get an ounce of Othine and remove them. Even the first few applications show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine. It is this that is sold on the money-back guarantee.

EVANGELIST SPOKE  
ON STORY OF JONAH

Arena Has Been Secured for Remainder of Campaign  
Next Healing Meeting Tomorrow Night

Using the experiences of Jonah, Rev. Dr. C. S. Price preached a sermon at the Metropolitan Church last night that brought many young people to the altar. "It is the greatest service of my whole campaign in this city," said the evangelist, as some seventy young people appeared at the altar of penitence.

Taking almost the same theme as that on Monday night, Dr. Price told his audience "that God had his plans for us just as he had for Jonah when the Lord came unto Jonah, and said 'Go ye into Nineveh, and preach the gospel.'"

"But," he asserted, "many of us today are doing what Jonah did. We have plans of our own and try to carry them out when God's plan is the best and the one that will bring salvation. Jonah paid no heed to God's command, but followed out his own plans," said the speaker.

**Went Down.**  
"I presume," said the speaker, after describing the incident, "that you are doing what Jonah did. We have plans of our own and try to carry them out when God's plan is the best and the one that will bring salvation. Jonah paid no heed to God's command, but followed out his own plans," said the speaker.

After describing the incident, "that you are doing what Jonah did. We have plans of our own and try to carry them out when God's plan is the best and the one that will bring salvation. Jonah paid no heed to God's command, but followed out his own plans," said the speaker.

"I presume," said the speaker, after describing the incident, "that you are doing what Jonah did. We have plans of our own and try to carry them out when God's plan is the best and the one that will bring salvation. Jonah paid no heed to God's command, but followed out his own plans," said the speaker.

HELP FOR  
YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 15 years old I would get such sick feelings in the lower part of my abdomen. Followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. Or at times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I am sure am glad I tried it for I feel like a different person now that I don't have these troubles."—ODELIA HOLMBERG, Box 93, Viking, Alberta.

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking it.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

a fine yellow dust on Sunday and Monday.

Principal J. A. Cunningham, of the Boys' Central School, thinks that the pollen came from willow and alder trees. The alder grows in the district named extensively, and is anemophilous, that is, while the willow is pollinated by insects. The rapid advancement of Spring, the quick development of the buds, together with the heat and wind of the past few days, would hasten distribution, he thinks.

## THREE MILLIONS IN SOLDIERS' INSURANCE

Ex-service Men Realize Value of State Policies for Life Protection

That ex-service men on Vancouver Island had taken out a total of \$3,000,000 in Government insurance, stated W. C. Warren in the course of an interesting address before the members of the Canadian Legion in session last night. The speaker dealt with every phase of the insurance scheme operated by the Federal authorities for the benefit of returned men, and explained the operation of the various types of policies that could be secured. The state insurance for ex-service men had already proved a great boon, he stated, and urged further advantage be taken of the generous provisions of the scheme.

The sum of \$300, or multiples of that sum up to a total of \$5,000 could be taken out in individual policies, stated the speaker. These policies had a cash surrender value after two years, and had special provisions for the continuation of protection for life without further payment in the event of further total disability by accidental cause. The provisions for widows of ex-service men under this scheme was also dealt with by the speaker, who explained the operation of the entire insurance plan. At the close of his address Mr. Warren was warmly thanked by the meeting, and asked a number of questions relative to the subject matter of his address.

**Secured Arena.**  
It was intimated at the commencement of the service that the Arena had been secured for the remainder of the campaign, and that starting on Friday night, services would be held in that building. As to whether it would be used every night it was not yet decided, as that depended on the audience, but however, all afternoon and morning services would still be conducted at the Metropolitan Church. At the request for volunteers to erect a large platform at the rink for the evangelist party and the choir many hands were raised. Work will commence immediately on the construction, and accommodation for a 500 voice choir is expected.

Enrollment for the choir was commenced, while it was intimated that the Salvation Army had kindly consented to supply a band.

**Where Money Goes.**  
Dr. Price emphasized that none of the proceeds taken up by collections would revert to his pockets. Only expenses would be paid out of this, then he would give it to some deserving missionary fund. Dr. Sipprell had asked him to accept a portion as pay, he stated, but "I don't want to commercialize evangelism," he declared.

A Mexican revolutionary, treated in a New York hospital, had twenty two bullets extracted from his body. It is said that he had to have this done in order to make room for more when he returned home.

**The test of the steep down grade**

CONSIDER the terrific strain put upon the tire carcass when the brakes grip the wheels and the entire weight of the car, plus its speed, is held by sheer force of friction of the rubber against the road surface.

The absolute dependability of Dominion Tires under such a strain has been established beyond any doubt by thousands of Canadian car owners from Halifax to Victoria. Dominion Tires are not an experiment, but a thoroughly tried and proven product.

When you equip your car with Dominion Tires you have this assurance of dependability under any strain—it is an extra value which adds nothing to the price.
